CONVENTION STILL TIED UP---STORMY SCENES SAME MONOTONOUS GRIND OF BALLOTING CONTINUES

Democratic Convention Deadlocked More Complete Than Ever Adjourns Till Noon Today—Wil- son Makes Gains and Reaches the Five Hundred Mark, While Clark Loses Steadily

Convention Hall, Baltimore, July 2.—The deadlock in the Democratic National Convention over a Presidential nominee seemed more complete than ever when adjournment was taken at 12:43 A. M., until noon today. Woodrow Wilson had made steady gains during Monday's balloting until he reached a high water mark of 501 1/2 votes on the 39th ballot. He remained stationary on the 40th ballot and then began to lose ground. The last ballot was the 42nd, when Governor Wilson polled 494 votes.

Speaker Clark reached the lowest ebb of his candidacy on the ballot where Wilson reached a crest. He went down to 422 votes at that time, but immediately began to pick up and had gone to 430 when adjournment was taken.

A weary, bedraggled, peevish aggregation of delegates and alternates to the Democratic National Convention drifted into the convention hall tonight with a long dreary session in prospect. They confronted the same monotonous grind of balloting that had continued from last Friday morning when the first vote was developed the deadlock on a Presidential nomination after an all-night session.

Irritable and Excitable Crowd.—Almost a full week of controversy between rival factions had sorely tried the patience and temper of the delegates and the crowd which gathered before the night was over. The tenacity of the situation had shown itself in a semi-riot on the floor during the afternoon when William J. Bryan found himself in the midst of half a score of fist fights. Police were warned to exert extraordinary vigilance in the future. The slow receding rise and fall of the vote of favorite candidates throughout the day had increased the steady growing bitterness of the past week and tonight a match of offense, touched to the excitement, would have set the entire convention ablaze. It was on this situation that many of the leaders had a hope of a final vote on nomination before the night was over. They argued that the weary delegates, tried by a week of work, would break from the hard and fast lines they have been holding and throw enough votes to one of the candidates to end the agony of suspense. Others contended that the situation made impossible an agreement on any one of the candidates now before the convention. They pointed to today's physical clash between Clark and Wilson forces as an evidence that the feeling between the two was so bitter that neither would allow enough votes to go to the other nominee.

Wilson Forces Optimistic.—The Wilson forces, however, encouraged by their steady gain through the day, were optimistic. They asserted that in time they would secure a majority of the convention and that then the delegates, ready to do almost anything to end the struggle, would flock to the Wilson standard.

Another attempt to reach some sort of agreement among the leaders failed tonight. The so-called conservatives were in conference.

Norman E. Mack, chairman; Charles F. Murphy, of Tammany Hall; Colonel George B. Harvey, Representative Fitzgerald, of New York; and Roger C. Sullivan, of Illinois, dined together this evening. After the talk Chairman Mack declared that every one seemed to be "sitting tight."

"I do not believe either Wilson or Clark can be nominated now," declared Mr. Mack, just before the convention was called to order.

The galleries were crowded as the time neared for the calling of the roll for the 35th ballot. They had been thrown open to the general public and Baltimore took advantage of the occasion.

The calling of the session was delayed by the failure of the leaders to arrive. Chairman James did not reach the stand until 8:20. A moment later he dropped his gavel and prayer was offered by the Rev. Clayton H. Ketch.

Chairman James then ordered the roll call for the 35th ballot.

lot showed Clark 433 1-2, Wilson 494 1-2, Underwood 101 1-2, Harmon 29, Kern 1, Foss 28, absent one-half. Speaker Clark received only 433 1-2 votes on this ballot, his low mark since the beginning of the contest. On the first ballot he received 440 1-2 and his vote increased slowly until the 10th ballot when it bounded up as the result of New York's 90 votes going to him in a body. After he received a majority vote, however, his forces struck a stone wall in the opposition of Mr. Bryan. Mr. Clark's opposition openly boasted that the Missouriian's strength would disintegrate rapidly from the point where he had lost a part of his opening vote.

Changes Are Very Slight.—On the 36th ballot the change was immaterial. Clark gained a single vote and Wilson secured two additional.

The result of the 36th ballot was Clark 434 1-2, Wilson 496 1-2, Underwood 98 1-2, Harmon 29, Foss 28, Kern 1, absent 1-2. This showed a gain of one for Clark and two for Wilson.

After the 36th ballot Chairman James surrendered the gavel to Senator O'Gorman, of New York.

On the 37th ballot Clark lost two, Wilson's vote remained unchanged, Underwood gained two. The shift of two from Clark to Underwood was the only change on this ballot.

In Connecticut Underwood gained four from the Clark column. When Florida was called a poll was demanded.

A call of the delegates showed that of the 12 delegates there were for Wilson and two were for Underwood. Senator O'Gorman in the chair ruled that the resolution abrogating the unit rule in cases where a preferred primary had been held applied to the Florida delegation and the vote was recorded Underwood 10, Wilson two.

The ruling produced considerable disorder, which Senator O'Gorman had some trouble in quieting.

In Tennessee Clark lost 3 1-2. The delegation gave Clark, Wilson and Underwood eight votes each.

On the 38th ballot Clark lost 7 1-2, Wilson gained 2, and Underwood gained 5 1-2.

The 38th ballot resulted: Clark 425, Wilson 498 1-2, Underwood 106, Harmon 29, Foss 28, Kern 1, absent one-half.

As the night wore on and ballot after ballot was taken without result the temper of the delegates grew worse. Every awakened the bitterness that lay beneath the proceedings. Hisses, half-hearted cheers and jeers greeted the few changes on each succeeding ballot. This spirit was also shown at times in the audience and the police were forced to remove offenders who became involved in quarrels.

On the 39th ballot the first break came in Colorado. Wilson was given one of the 12 Clark votes of the State.

Illinois Sticks to Clark.—Just prior to the 39th ballot the Illinois delegation held a caucus on the proposition of allowing a split to Wilson. It was decided not to allow a break at that time and on the 39th ballot all of the 58 again voted for Clark.

Iowa gave Wilson two more Clark votes, making the State's vote, Wilson 16, Clark 10.

In Wisconsin another vote went to Wilson from the Clark column.

The 39th ballot resulted as follows: Clark 425, Wilson 501 1-2, Underwood 106, Harmon 29, Kern 1, Foss 28, scattering one-half.

This ballot pulled Wilson 1 1/2 votes above the 500 mark and his adherents on the floor cheered mightily. Clark lost three to Wilson. Underwood's vote was unchanged.

The Wilson people started a demonstration, but the tired delegates did not respond enthusiastically. Aided by the police, Chairman James soon quieted the uproar.

Clark Has Little Over One-third.—On the 39th ballot Clark had only 57 more than the one-third necessary to hold a veto power and prevent a nomination.

On the 40th ballot Clark regained one of the Iowa votes which had deserted to Wilson.

motion was withdrawn and the 41st roll call begun. The 41st ballot showed a loss of two for Wilson and a gain of 1 for Clark.

Result of 41st Ballot.—The result of the 41st ballot was as follows: Clark 424, Wilson 499 1/2, Underwood 106, Harmon 27, Bryan, 1, Kern, 1, Foss, 28; Gaynor, 1; absent, 1/2.

When the vote was announced another attempt was made to adjourn, this time until 11 A. M. tomorrow. By the time Maryland was reached on a roll call on the motion to adjourn, a big vote had been recorded against it, and it was withdrawn.

Then, in great disorder, the 42nd roll call was begun. As the 42nd ballot proceeded the disorder grew, until J. Hamilton Lewis, of Chicago, who was in the chair, had trouble enforcing quiet. The delegates insisted upon joking Lewis, and the convention roared with laughter when Iowa's vote was announced: Twelve for Clark, 13 for Wilson and 1 for the Hon. J. Hamilton Lewis.

It took Lewis several minutes to subdue the uproar, but he finally announced: "Please be as quiet as is consistent to your convenience, gentlemen. Let the roll call proceed."

Clark Makes Small Gain.—When Michigan was reached the Clark cohorts cheered for the Speaker gained six votes at the expense of Wilson.

By this time the delegates were so tired of the proceedings that they did not take him seriously. Every occurrence or announcement that offered the slightest excuse was made the basis of a joke or greeted with howls and jeers.

Governor Brewer, of Mississippi, in announcing Mississippi's votes for Underwood sang the last syllable of the name in a free rich baritone. He had been doing the same thing throughout the evening, but this time the delegates took it up in a long, loud roar.

"Go-o-o!" swept the hall. Some of the more musical delegates surrounded the roar with a series of trills and cadenzas.

The Forty-Second Ballot.—On the 42nd ballot Clark gained six and Wilson lost 5 1-2. Underwood lost two.

The result of the 42nd ballot was as follows: Clark 430, Wilson 494, Underwood 104, Harmon 27, Bryan 1-2, Kern 1, Foss 28; Gaynor 1; James 1; J. Hamilton Lewis 1; Absent 1-2.

When the result of this ballot was announced Delegate Wallace, of Washington, secured the floor and moved to adjourn until noon today (Tuesday).

In the midst of disorder Senator Stone, of Missouri, seconded the motion and A. Mitchell Palmer demanded a roll call.

Delegates Begin Leaving.—The roll call had scarcely begun before the weary delegates, seeing that the motion was practically certain to prevail, began to crowd from the hall.

The aisles were jammed before half a dozen States were called and the roll proceeded in disorder. By the time the last State had been called, less than half the delegates were in their places.

The end of the call was finally reached and at 12:43 the convention adjourned until noon Tuesday.

SUCCOR FOR THE NEEDY.

Jersey City Men Raise Money for Wilson Delegates.—Seagirt, N. J., July 1.—A pledge of \$5,000 to pay the bills of Wilson delegates to the Baltimore convention was made tonight by Samuel Ludlow, Jr., a banker of Jersey City, and Joseph E. Bernstine, a merchant of the same place. Their announcement was made following a conference with Governor Wilson.

Reports from Baltimore that on account of the extended sessions many of the delegates were hard up caused the Jersey City men to come here to make their offer.

"We are not going to permit Governor Wilson's fight for the Presidency to fail at this crisis for lack of funds," said Mr. Ludlow after the conference.

"We will be prepared to pay the hotel bills and other living expenses which the Wilson delegates at Baltimore are unable to pay. We expect to spend at least \$5,000 this way. If necessary we can raise \$5,000 in 24 hours and will do so. We will pay any sum needed to keep these men in Baltimore."

Mr. Ludlow said he and Mr. Bernstine will appear in Baltimore by 8 o'clock tomorrow morning ready to succor the needy Wilson supporters.

AVIATRICE AND A PASSENGER KILLED BY N. Y. DELEGATE

Miss Harriet Quimby and W. John B. Stanchfield Calls A. P. Willard Drop a Thousand Feet.

FALL INTO ATLANTIC OCEAN "ROOSEVELT'S ALLY," HE SAYS

Accident at Aviation Meet Near Boston—Volplaned Too Sharply—Miss Quimby Was Celebrated Birdwoman

Boston, Mass., July 1.—Miss Harriet Quimby, of New York, the first woman to win an aviator's license in America and the first woman to cross the English channel in an aeroplane, was instantly killed when her passenger, W. A. P. Willard, manager of the Boston Aviation meet, at Atlantic tonight when her Bleriot monoplane fell into Dorchester Bay from a height of a thousand feet.

The accident happened when Miss Quimby and Willard were returning from a trip from Boston harbor to Boston light, a distance of 20 miles in all. The flight was made in 20 minutes. The Bleriot, one of the latest models of military monoplanes, circled the aviation field and soared over the Savin Hill Yacht Club just outside the aviation grounds.

Heading back into the eight-mile gusty wind, Miss Quimby started to volplane. The angle was too sharp and one of the gusts caught the tail of the monoplane, throwing the machine up perpendicular.

For an instant it poised there. Then sharply outlined against the setting sun, Willard was clear of the chassis, followed almost immediately by Miss Quimby. They shot downward, striking the water 20 feet from shore. They splashed out of sight a second before the monoplane plunged down. 15 feet away.

It was low tide and the water was only five feet deep. Men from the yacht club in motor boats were on the spot quickly and leaping overboard, dragged the bodies out of the mud in which they had sunk deeply. Death was probably instantaneous. Both bodies were badly crushed. Several of Miss Quimby's bones were broken and there were many large bruises. Willard, who weighed 180 pounds, hit the water face first and over one eye there was a gash from which the blood was flowing. He too, sustained several fractures and bruises.

When the victims were brought ashore in motor boats they were taken to the Quinck Hospital.

A. Leo Stevens, of New York, manager for Miss Quimby, and Miss Quimby's friend, Mrs. Helen Vanderbilt, who were both witnesses of the accident, were prostrated.

Before going up on their last flight Miss Quimby and Mr. Willard were talking and laughing with their friends. Willard making jokes about his weight and Miss Quimby talking confidently about her plans to make an altitude record in the future that would stand as a woman's high mark.

In crossing the English channel, on April 16th Miss Quimby flew at an altitude of six thousand feet, which was said to be the record for women. Miss Quimby said today she felt sure she could beat this mark, although she did not believe she could excel the record of 13,943 feet set by Garros. The monoplane, painted a pure white, darted at a great speed over the harbor. The motors developed a speed at times of from 75 to 100 miles an hour. An examination of the aneroid barometer after the fall showed that at times the daring pilot had darted to a height of 5,000 feet. On the return the great machine was seen to wobble in the gusty breeze.

The setting for the last act of the disaster could not have been more dramatic. It was sunset. The great white wings swept directly into the West and dipped towards the earth. There was an upward flash of the tail and, outlined before the spectators in

BRYAN ATTACKED BY N. Y. DELEGATE

John B. Stanchfield Calls Nebraska Money— Hunting Marplot

Mr. Stanchfield Declares His State Is Vital to Success—Calls Bryan Most Powerful of Plu- crats

Baltimore, July 1.—John B. Stanchfield, of New York, furnished the sensation of the early convention hours today when, while the 27th ballot was being taken, he asked permission to explain his vote, and used the opportunity to launch the bitterest attack upon William J. Bryan heard during the present convention. Stanchfield's attack was made in answering what he termed the "insults" offered New York's delegates by Bryan in the controversy growing out of the passage of the Ryan-Belmont-Morgan resolution. Stanchfield's speech was punctuated time and time again by cheers, hisses and cat calls.

In explaining his vote Mr. Stanchfield suggested that only twice in history has a Democratic President been elected without New York's electoral vote.

"The integrity, the manhood, the personal and the political honor of every delegate of the 90 from New York," he said, "has been impugned and insulted in this convention. I am one of those who, back in the dark years of 1896, followed the flag of Col. Bryan and spoke in every city and village and hamlet in favor of his election (applause). In 1900, I ran upon the Democratic ticket with Colonel Bryan as the candidate of the party for Governor and he polled with me upon that ticket more votes by up-wards of a hundred thousand than he polled before or since."

"In the make-up of the delegation from New York we have the Democratic Governor and Lieutenant Governor of the State, the candidate for President in 1904, an ex-justice of the Supreme Court of New York, lawyers of repute, business men, professional men, the most representative delegation that ever came to a National convention from New York."

"If this delegation was composed of puppets of wax as designed by the gentleman from Nebraska, we say to that money-grabbing, selfish, office-seeking, favor-hunting, publicity-hungry marplot from Nebraska that they are actuated—"

Mr. Stanchfield was interrupted by applause from the delegates and the galleries.

"If the 90 delegates from New York, of the character I have described, are within the control and the power of one man they are moved by wires of tremendous human voltage."

"New York is vital to success, and no man can go forth from this convention stigmatized and branded with Bryanism and come within half a million votes of success (applause, cheers and hisses)."

Amid cries of Bryan, applause, hoots and jeers, Mr. Stanchfield said no man among the 90 delegates from New York is professionally or otherwise under the influence of Ryan, Morgan or Belmont.

"And when he (Bryan) makes the statement that these men, Morgan and Ryan and Belmont, are plutocrats of this convention, he omits one name, who of all the delegates upon the floor of this convention is the most powerful of plutocrats, and he is the gentleman from Nebraska."

"If the New York delegation is to be prevented from voting for the candidate of this convention, then there ought to be passed a resolution depriving of a seat in this convention a man who for pay has been writing from the Republican convention in favor of the election of Mr. Bryan's partner."

WILSON STEADILY GAINED THE LEAD

Many Delegates Went Over to the Princeton Schoolmaster and He Passed Clark on the 30th Ballot—Bryan Bitterly Denounced by New Yorker — Fights Follow the Demonstration.

Convention Hall, Baltimore, July 1. When the Democratic National Convention at 5:12 today took a recess until 8 P. M., the 34th ballot for a Presidential nominee had been taken without result. Woodrow Wilson had passed Champ Clark as the leading candidate on the 30th ballot and had continued after that to make slight gains, but was still far away from the two-thirds vote necessary to nominate. The Wilson managers seemed satisfied, however, that their slight but steady gains would eventually win the nomination for the New Jersey Governor.

The Democratic National Convention resumed balloting at 11 o'clock today with a vast throng in attendance and intense interest prevailing in the outcome of the unprecedented deadlock.

The 27th ballot for President showed little change in the last vote Saturday night. The Clark and Wilson forces remained intact, changes being few and not decisive.

Bryan Denounced.—Another sensation was added during the ballot when John B. Stanchfield, speaking for New York, denounced William J. Bryan as a "money-hunting, favor-hunting, publicity-hungry marplot from Nebraska."

New York's vote was polled, showing Clark 78, Wilson 9 and Underwood 2, absent 1, but the solid vote of 90 was cast under the unit rule for Clark.

The result of the 27th ballot was: Clark 469, Wilson 406 1-2, Underwood 112, Foss 38, Marshall 30, Harmon 28, Bryan 1, absent 1-2.

This gave Clark a gain of 5 1-2, Wilson a loss of 1 and Underwood a loss of 1-2 as compared with the 26th ballot.

A resolution was introduced by John P. Knox, of Alabama, deploring the bitterness of the convention and calling for a united front in order to facilitate the work of the convention. It was referred to the Resolutions Committee without reading.

Indiana Goes for Wilson.—The 27th roll call went as far as Indiana before any material shift was made. Then the convention went into session as Senator Shively announced: "Kern 1, Wilson 29."

When quiet was restored a poll was demanded, but the demand was later withdrawn.

The Indiana vote had heretofore gone solid to Marshall.

After conferring with a number of friends, Mr. Bryan said it was unlikely that he would reply to the speech of Mr. Stanchfield.

The New Mexico delegation demanded a poll after the vote had been reached "eight for Clark." The roll call showed Clark five, Wilson three and under the unit rule, the eight went to Clark.

Twenty-eighth Ballot.—The result of the 28th ballot was: Clark 468 1-2, Wilson 437 1-2, Underwood 112 1-2, Harmon 29, Foss 38, Kern 1, Bryan 1, absent 1-2.

Marshall was eliminated, 29 of his 30 votes in Indiana going to Wilson, who gained 31 on the ballot. Clark lost one-half.

At the close of the 28th ballot it was announced that arrangements had been made to extend all railroad tickets, making them good until July 10th, 1912 or 1913, demanded a delegate, but there was no reply.

The 29th ballot was ordered called. Indiana on the 29th ballot gave Kern 4, Wilson 26. Thus Wilson lost three. A dispute in the Iowa delegation showed that State stood Clark 14 1-2, Wilson 11 1-2, but under the unit rule the entire vote of the State went to Clark.

Another wrangle followed when Kansas was called. The chairman of the delegation asked that the State be passed. Half a dozen delegates yelled:

"We want to vote now. Two-thirds of this delegation are for Wilson and we want the vote cast that way."

The delegation was ordered polled. A chorus of yells and jeers greeted the beginning of the poll and the roll of the delegation proceeded in great disorder.

The vote was Wilson 13, Clark 6, absent 1, and the vote of Kansas, 29, all went over to the Wilson column.

This gave Clark a loss of half a vote and Wilson a gain of one-half. Bryan lost his single vote and Kern gained three. The 30th ballot proceeded monotonously until Ohio was reached. Then 10 of Harmon's 29 went to Underwood, Wilson's 19 remained intact.

Vermont gave up Foss on this ballot and that State's eight votes went to Wilson.

Wilson Takes the Lead.—The result of the 30th ballot put

Wilson in the lead. The vote of Ohio which had been passed gave Wilson 14, Clark 12. Up to that time the entire vote of 26 had gone to Clark. When the vote was announced a roll call of the delegation was demanded. Iowa's vote as announced gave Wilson the lead for the ballot with 460 votes. It gave Clark 455.

The announcement that the roll call of Iowa gave Clark 12, Wilson 14, started a demonstration, but it was short-lived.

The result of the ballot was: Clark 455, Wilson 460, Underwood 121 1-2, Foss 30, Harmon 19, Kern 2. Thus Clark lost 13 1-2 and Wilson gained 24. Underwood gained 9 1-2.

When the total vote of the ballot was announced, the Wilson adherents, with their candidate for the first time in the lead, began a demonstration.

The 31st ballot gave Wilson trifling gains early in the roll.

West Virginia demanded a poll, which showed Clark 11 1-2, Wilson 3 1-2, absent one. Under the unit rule the entire vote of the State, 16, was cast for Clark.

Wyoming Also Shifts.—Wyoming also announced that its delegates having determined that Clark's nomination was no longer a possibility, shifted to Wilson, a gain of six for the New Jersey Governor. Wilson held and improved his lead on the 31st ballot. The result was: Clark 446 1-2, Wilson 475 1-2, Underwood 116 1-2, Foss 30, Harmon 17, Kern 2, absent one-half.

This gave Wilson a gain of 15 1-2, Clark lost 8 1-2, Underwood lost five and Harmon lost 2.

At the end of the 31st ballot the Michigan delegates supporting Clark sent to Senator Reed, of Missouri, for instructions.

"Still still in the boat," counseled the Senator. "They (Wilson forces) can't get two-thirds to save their lives."

There was little change on the 32nd ballot. The result was as follows: Clark 447 1-2, Wilson 477 1-2, Underwood 103 1-2, Foss 28, Harmon 29, Kern 2, absent one-half. This gave Clark a gain of one, while Wilson's vote was unchanged. Harmon gained fifteen.

The 33rd ballot found the leaders practically at a standstill. Wilson merely holding his total of the 32nd, while Clark gained one from Underwood in Virginia. At the end of this ballot, the Clark people revived their drooping spirits by displaying a big banner on which the following tribute to Clark from W. J. Bryan in 1910, was printed in red: "I have known Champ Clark 18 years. He is absolutely incorruptible and his life is above reproach. Never in all these years have I known him to be upon but one side of a question and that was the side that represented the people."

There was a cheer as the Missourians displayed the banner above their delegation. It continued for several minutes: "Take it over to Nebraska, and show it to Bryan," shouted some one.

No sooner was this said than the Missourians acted on the suggestion. Then came trouble.

Bryan Takes a Hand.—Bryan arose and faced his tormentors for a moment. Several policemen hurried to his side and with them as an escort the Nebraska fairly fought his way to the stage where he demanded of the chairman the right to answer Missouri if that delegation was responsible. The chair asked to be permitted to announce the result of the 33rd roll first.

Mr. Bryan was impatient. He descended from the stage and amid howls and cheers faced the Missouri delegates.

Ceremonies at Meeting of Campbell Encampment, I. O. O. F.
At a meeting of Campbell Encampment, No. 1, I. O. O. F., held last night, the following officers were installed for the ensuing term by District Deputy Grand Patriarch Chas. W. Stewart, assisted by Past Chief Patriarchs Robert Robbins, W. G. T. Keene and W. H. Yopp:
Chief Patriarch, Wellington Tatum; high priest, A. F. Walton; senior varden, D. Rountree; junior varden, S. A. Matthews; recording and financial scribe, Jno. E. Wood; treasurer, A. T. Parker; guide, J. S. Potter; first watch, Robert Robbins; second watch, J. J. Craig; third watch, Henry Willoughby; fourth watch, O. H. Adams; first guard of the tent, C. W. Craig; second guard of the tent, W. H. Yopp; inside sentinel, E. B. Craig; outside sentinel, W. G. T. Keene.

The trustees are Jno. E. Wood, W. L. Smith and W. H. Yopp. A. T. Parker was elected to represent the camp at the Grand Encampment at Wrightsville Beach, August 20th. Mr. W. H. Yopp was elected alternate.

Camp in Western Part of State.
A party of Wilmington High School boys, accompanied by Prof. Heman S. Shaw, principal of the institution, left yesterday afternoon for Bryson City, Swain county, where they will go into camp for July and August. In the party were Heskell Gouverneur, Louis and Dougall MacMillan, Chas. and Robt. Burnett, LeRoy Polvogt, Roy Craig and Will Monroe. They are going to an established camp, where gather every summer boys from all parts of the country. There are about 20 college men in charge of the camp. In addition to athletics and joy of outdoor life some of the boys pursue a course of study during the two months, so as to make them more efficient in their work in school in the fall.

MEMORIAL SERVICES HELD.

Odd Fellows Remembered Their Deceased Brothers Sunday Night.
The annual memorial service of the Wilmington Odd Fellows was held Sunday night at Brooklyn Baptist church and was attended by a large and interested congregation, in addition to the Odd Fellows of the four local lodges, Cape Fear, Orion, Wilmington and Hanover, who attended in a body.

The service was a very impressive and beautiful one. Rev. J. A. Sullivan, the pastor, preached an eloquent and touching sermon on "Friendship, Love and Truth," the three cardinal principles of Odd Fellowship. Mr. J. F. Littleton read the list of the Odd Fellows who have passed away since the last memorial service. Music was furnished by the orchestra and a charming vocal solo was rendered by Mrs. Percy Smith. Misses Fulton and Donaldson also gave a very pretty vocal duet. The church was prettily decorated for the occasion by a committee composed of Mrs. S. F. Garrison, Mrs. J. A. McDougal and Mrs. J. W. Holmes.

First Presbyterians Win.
The First Presbyterians took the post series game from St. Andrew's yesterday at Hilton Park by a score of 3 to 0. The game was well played, close and exciting. St. Andrew's out-hit the Presbyterians, but could not bunch them, whereas the latter with three hits and an error scored three runs in the first inning. After this St. Andrew's settled down on them and there was no further scoring. This closes the second Y. M. C. A. series in the Sunday School League and tomorrow the winners of the two, Fifth Street Methodists and the First Presbyterians, will play a double header to decide the championship. A third game will be played Wednesday, if necessary. Batteries: First Presbyterians, Haskins and Hicks; St. Andrew's, Andrews and Jackson. The public is invited.

Atlanta, Ga., July 1.—Rain interfered with play in the 25th annual tournament of the Southern Tennis Association scheduled to have been started at East Lake today, only one match being played. Men's singles will be resumed tomorrow morning with 46 entries. Drawings in doubles, ladies' singles and mixed doubles will be made tomorrow. The tournament this year is strictly a Southern affair, not an Eastern or Western tennis star being present.

Made Several Records.
New York, July 1.—News of Harriet Quimby's death shocked friends in New York, where she made her home. She probably will pass into history as "the first American woman aviator." She won the first aviation license ever granted a woman in America, made an American endurance record for women and last Spring she brought her fame to a climax as the first woman to pilot an airplane across the English channel.

Miss Quimby, outside of her aviation activities, was a well known magazine contributor connected with Leslie's Weekly. She is survived by an aged mother.

Miss Quimby is the fourth woman to lose her life in an airplane accident. The deaths of Miss Quimby and Willard bring the total of aviation fatalities for the present year up to 41, compared with 73 during all of 1911.

and ally, Theodore Roosevelt, and ought to be expelled from the floor (applause and hisses). Colonel Bryan never intended to support the candidate of this convention unless that candidate should be Bryan himself.

"We have heard for months gone by that Colonel Bryan, by his voice and influence was supporting Woodrow Wilson in one place, supporting Champ Clark in another, combatting Harmon here and Underwood there, all of the time desiring and intending in pursuit of his own selfish ends to produce a deadlock in this convention in order that he might be the recipient of the favors of this controversy."

Mr. Stanchfield concluding said the New York delegation supported Governor Harmon so long as it appeared to the majority—advisable. voted for Speaker Clark "because he was the strongest candidate before this convention and favors any man who can be the candidate and the nominee of this convention."

Personally, he said, his vote was for Wilson.

Extension of Time Granted.

Yesterday was the day for the answer to be filed in United States Court in the case of the New York Continental Jewell Filtration Co., against the city of Wilmington, an action for \$50,000 damages for alleged infringement by the city of certain patent rights of the company on filters and a method of purifying water, but at the request of City Attorney Herbert McClammy Judge H. G. Connor granted the defendant 30 days longer, so the document will be filed the first Monday in August. Judge Connor will be in Wilmington July 11th for the purpose of hearing in chambers cases on the equity and admiralty dockets in which pleadings have been filed.

CORPORATION ASSESSMENTS

Valuations to begin by Commission at Raleigh—Miss Boushall Dead, Remains Reach Raleigh—Banking Change

(Special Star Correspondence.) Raleigh, N. C., July 1.—The North Carolina Corporation Commission will take up this week the annual assessment of capital stock and corporate excess of the nearly 5,000 commercial corporations in North Carolina and also the supplementary assessment of the additions to railroad property since the general quadrennial assessment last year.

As giving some indication of the volume of this work the 1911 assessment of railroads and other public service corporations was \$126,052,267 and the assessed valuation of commercial corporations, banks and building and loan associations was \$101,024,702, making a total of \$227,076,969 of tax valuations and assessments that the Corporation Commission will have to review and supplement in the work that the commission takes up this week, a task that will require several weeks. In this connection it is of special interest to note that Commissioner W. T. Lee is rapidly recovering from the severe injuries he sustained at his home in Waynesville two weeks ago when his horse ran away. It develops that none of the injuries are permanent and he expects to be out and at his desk in the offices of the Commission within ten days.

State Food Chemist W. M. Allen has gone to Seattle, Washington State, to attend the annual convention of food chemists of the United States in session there during the next week. Mr. Allen is secretary of the National association and Food Chemist Lucius Brown, of Tennessee, is the president. An effort will be made this time to bring the convention for 1913 to North Carolina.

Mr. W. S. Wilson, Corporation clerk in the Department of State, has gone to Portland, Oregon, to attend the Supreme Lodge of Elks. He is past exalted ruler of the Raleigh lodge.

The remains of Miss Sallie Boushall, who died at Buckroe Beach, Sunday, were brought to Raleigh this morning and interred at 11 o'clock in Oakwood cemetery. She was 71 years old and lived in Raleigh many years ago. She was a kind woman of Mrs. Jno. Nichols.

Mr. W. W. Roberts, a well-known and popular young banker, of this city, retires from the position of teller of the Citizens National Bank, August 1st, to take a position with the Planters' National Bank, of Richmond, Va. At least for a season he is to represent the Planters' Bank in a field capacity in North and South Carolina and will not move his family to Richmond for the present. Mr. Roberts' health has not been real good for several months and it is the sincere hope of his friends that the new duties that take him from confinement in the banking house and give him outdoor activities in his chosen work of banking, will restore him to normal health. He is a most valued and active factor of the social and civic life of Raleigh.

THE BALTIMORE CONVENTION

Rocky Mount Citizens Complain of Hold-up by Hotels

(Special Star Correspondence.) Rocky Mount, N. C., July 1.—Three of Rocky Mount's citizens, spectators at the Democratic convention last week are at home, having left Baltimore Saturday night following the 26th ballot and the closing of the convention until today. They are Messrs. W. S. Wilkins, Zeb V. Jenkins and N. L. Alcock. They have been almost hourly besieged by friends and Democrats who desired to have first hand the news from the front.

The general impression prevailing with these gentlemen is to the effect that there is little hope for the nomination of either of the two leaders, though a compromise is possible but they think hardly probable since there is such a wide variance between their supporters. There is some little hope held out for Oscar Underwood, and they believe that he is the most probable of the compromise candidates, though Foss, Baldwin and Harmon come in for consideration; and they expect Gagnor may yet be launched with a boom that may mean his nomination.

When questioned as to the reported exorbitant rates of the hotels and the hold-up that was being worked on the visitors, they vouched for the truthfulness of the report, and they are of the opinion that the action of the hotel men of Baltimore has done much to advertise the city as one to be avoided. Six citizens from Rocky Mount composed a party, and they declare that rather than stand for the hold-up that the hotel men proposed that they made the trip to and from Washington, when the time between sessions would allow. They declare that many others are doing as much and there is considerable complaint of the treatment of the hotel men, though outside of these citizens the city is most hospitable.

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for coughs, colds and other throat and lung diseases is the most popular medicine in America. NEW YORK MINISTER HERE

Rev. F. B. Clausen Preached at St. Paul's Lutheran Church Sunday. Council Recommends That He be Called.

Rev. F. B. Clausen, pastor of the 128th Street Lutheran Church, New York, for the past nine years, who preached at St. Paul's Lutheran Church Sunday morning to a large congregation, will most likely succeed Rev. Dr. W. A. Snyder as pastor of the church. The Church Council in session last night voted unanimously to extend a call to Mr. Clausen. A meeting of the congregation has been called for Tuesday night of next week at which time the recommendation of the Council will be made. There is every reason to believe that the recommendation will be unanimously accepted and it is thought that Mr. Clausen will accept a call to St. Paul's.

Mr. Clausen would probably begin his new pastorate October 1st, removing his family, which consists of his wife and seven-year-old son, to Wilmington at that time. Mr. Clausen is an able preacher and fine pastor. He preaches in both German and English languages. His sermon Sunday morning was heard with the greatest interest by a large congregation and he made a profound impression upon all.

Acting as a committee from the Church Council, Messrs. J. H. Rehder and C. W. Polvogt recently went to New York and heard Mr. Clausen preach. They were so much impressed with him and his sermons that they invited him to visit Wilmington and preach for the congregation. The recommendation of the Council that he be called as pastor comes as the result.

Dr. Snyder expects to preach his farewell sermon the last Sunday in this month and he will leave for his new charge as pastor of St. Luke's church, Brooklyn, N. Y., the first of August.

Mr. Clausen will leave this morning for his home in New York. While here he was a guest at the home of Mr. J. H. Rehder.

SHIPPING CLERKS' OUTING

Will Conduct Excursion to the Mountains Early in August

At a largely attended meeting last night of the Shipping Clerks' Association, held at the home of Mr. J. H. Rehder, presiding, and Mr. D. O. West, acting as secretary, it was decided to conduct an excursion to the mountains of North Carolina and Tennessee August 12th. It will be a ten-day trip. A regular excursion train will leave here on the morning of August 12th, but the excursionists will return on regular trains arriving here before the ten-day limit is up. The tickets will be good to stop over at various points in the western part of North Carolina and eastern Tennessee. The following were appointed as a committee to confer with Mr. F. A. Fetter, Jr., local commercial agent of the Seaboard Air Line, and make full arrangements for the outing: Messrs. J. W. Blomme, chairman; F. E. Haskagen and Q. B. Satchwell. The people generally will be invited to enjoy the trip and it is expected that several hundred will avail themselves of the opportunity to see that part of the country.

MRS. ELIZA COOK DEAD

Passed Away at Family Residence Early Yesterday Morning

Friends were deeply grieved to learn yesterday of the death of Mrs. Eliza A. Cook, which occurred at the family residence, No. 106 Castle street, early in the morning, following a gradual period of declining health. The deceased was in the 72nd year of her age and is survived by four children, as follows: Mr. Robert L. Cook, of Fairboro; Mrs. Eva L. Genter, Mrs. W. R. Stewart and Mrs. S. A. Matthews, of Wilmington, all of whom will be remembered with tender sympathy in the hour of their bereavement.

Mrs. Cook was a devoted member of Immanuel Presbyterian church and was a woman of sweet spirit and noble Christian character. She was greatly beloved among a wide circle of friends and acquaintances and will be sorely missed by them.

The funeral will be held this afternoon at 3 o'clock from the family residence this afternoon at 3 o'clock. Rev. J. S. Crowley will conduct the service, assisted by Rev. G. T. Adams. Interment will be in Bellevue cemetery.

Negro Charged With Burglary.

James Riley, colored, was captured by a number of young white men last night following an alleged attempt on his part to break into the home of Nellie Russell, at No. 1009 Chestnut street. The young men brought the negro to the police station in an automobile. They stated that they were passing in the car and heard a call for help. When they responded they were told that a negro was attempting to break in. A search revealed Riley hiding under the front steps, where he had crawled when the men approached. They took charge of him and brought him to the station, where he was locked up on a charge of burglary.

Canoe Was Overturned.

A sudden change in the wind overturned a sail-rigged canoe in which Dr. Weston Stevenson and a young lady were enjoying an early morning sail about a quarter of a mile off Wrightsville Beach Sunday morning. The accident was witnessed from the shore and several young men hastened to the rescue in a life boat. However, when they arrived they found both of the occupants clinging to the canoe safely. They declined offers of assistance and drifted in with the canoe, none the worse for their experience.

WHAT S.S.S. STANDS FOR

The familiar letters, S. S. S., stand for Swift's Sure Specific, a name honestly and fairly earned by a great blood remedy. It is worthy of its title because it really CURES every ailment resulting from impure blood. The majority of physical afflictions are caused by bad blood, because a weak, polluted circulation deprives the system of its necessary strength and disease-resisting powers. S. S. S. cures every disorder which comes from weak or diseased blood, it tones up and regulates every portion of the system, and creates an abundant supply of nourishing properties which fill the circulation and bring health to the body. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, which are also possessed of great tonic properties. It does not contain a particle of mineral or other harmful drug, and is therefore the purest and safest blood medicine for young or old. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Malaria and all other troubles of a deranged circulation. Write for free book on the blood and any medical advice. No charge for either.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily
newspaper in North Carolina, is published
daily except Monday, at \$6 per year, \$3 for
six months, \$1.50 for three months, 50
cents for one month, served by carriers in
the city, or by mail.

THE SUNDAY STAR, by mail, one year,
\$1; six months, 50 cents; three months, 25
cents.

ADVERTISING RATES may be had on
application, and advertisers may feel as-
sured that through the columns of this
paper they may reach all Wilmington
and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, com-
munications espousing the cause of a pri-
vate enterprise, or a political candidate,
and like matter, will be charged at the
rate of 10 cents per line, or if paid cash in
advance, a half rate will be allowed. An-
nouncements of sales, festivals, balls, hops,
picnics, society meetings, political meet-
ings, etc., will be charged under same con-
ditions, except so much thereof as may be
of news value to readers of the paper.

Advertisements discontinued before ex-
piration of contracts are charged transient
rates for lines actually published. Pay-
ment for contracts advertisements must be
made in advance. Contract advertisers will
not be allowed to exceed their space at
same rates, or advertise anything foreign
to their regular business without extra
charge. Advertisements to occupy special
place will be charged for according to po-
sition desired.

Has a man ever lived long enough
to reach the age of discretion?

To wave a red bandana at President
Taft would make him feel like the band-
itti were after him.

Roosevelt is writing his own plat-
form, and, of course, it will be ideal-
istic in every particular.

Everybody's doing what? Talking
about the fact that Wilmington looks
like a bee hive in mid-Summer.

The steam roller might very well be
followed by the steam shovel for the
purpose of burying all differences.

According to the latest fad in dress,
the cotton mills will have to manu-
facture dress goods that look like a
combination of towels.

The Socialists held a convention and
nominated their Presidential candidate
in one day. If they had any idea of
winning there would have been a row.
A first-class chance brings on a fight.

The New York Tribune (Rep.) now
dubs Col. Roosevelt the "Bull Moose".
Think of that, after the Colonel
thought he had done things that would
entitle him to pose as the African lion.

China has refused a loan of \$300,
000,000, because the terms carried sur-
veillance of the management of her
finances. Try us. We are not so par-
ticular about a little matter like that.

Says the Chicago platform: "We
invite the judgment of the American
people on the administration of W. H.
Taft." Judgment was passed two
years ago, so the appeal for a reversal
will be dismissed in November.

Two Raleigh Republicans met in a
restaurant and had a fight about
Roosevelt. Their contention would
have been more justifiable if they had
come to blows over a ham sandwich.
There would have been more in it for
them.

Milwaukee physicians urge that kis-
sing be made punishable by fine, and
urge as a substitute that young peo-
ple should rub noses. No doubt the
average Milwaukee girl is particular
about putting her nose right up against
a beer blossom.

Even while the Democratic conven-
tion was in session Senator LaFollette
broke into the front page. He sized
up Roosevelt and his analysis of that
gentleman indicated thorough fami-
liarity with his subject.

No half dozen men who meet to-
gether agree on any one thing. If
they agree to fight together, they cer-
tainly have to compromise their views
and strike a happy medium. Men
who are uncompromising are sure to
have a lonesome fight.

If Sunny Jim Sherman accepts the
Vice Presidential nomination with
Taft at the head of the ticket, it
shows that he has never stopped to
think how many dangers surround a
really innocent and irresponsible by-
stander.

Tom Felder, of Georgia, don't have
to return home from the Baltimore
convention by way of Cincinnati. He
can now pass through South Carolina
for Governor Bleasie on the stump
and the Hon. Ira B. Jones is keeping
him so busy he cannot stop to think
of the Georgia celebrity.

LaFollette says Roosevelt is not a
progressive but is a reactionary. The
best evidence that the Senator is right
is that trust magnates like George
W. Perkins are willing to put up their
money on Teddy. No man interested
in a trust would finance a real pro-
gressive who means to do what his
programme calls for—destruction of
privilege and monopoly.

A HEALTHFUL CITY FIRST

Health and sanitation ought to come
before everything else in any city.
Good water, sewerage, a cleaning up
system, and through sanitary inspec-
tion are prerequisites to healthful-
ness, and The Star is gratified that
those subjects are receiving earnest
and determined attention from our
health authorities. The cost is noth-
ing compared with the ultimate re-
sults, and all citizens of Wilmington
should be quick to realize that pre-
venting sickness and cutting down the
death rate is the very best work that
can be done for the city.

The one movement, therefore, which
should challenge the united co-opera-
tion of the people of Wilmington is
the earnest efforts of the health au-
thorities to give Wilmington a thor-
ough sewerage system and strict sani-
tary regulations in keeping with those
of the most progressive cities. The
County Board of Health is especially
to be commended for its intelligent
and earnest co-operation with the city
authorities. The medical men of the
board are keenly alive to the impor-
tance of the work, and they are leav-
ing nothing undone to bring about a
revolution in the health policy that
has been adopted.

The plan of the health authorities
is to stop soil pollution by destroying
night soil and promptly removing
trash and dead animals from the city.
For six years the board of health has
worked upon these problems, and it
has now taken a definite stand for the
establishment of an incinerating plant
for the complete destruction of all re-
fuse. The best sanitation is to get
rid of everything that in any way me-
naces the health of the people. In
this they are but following the ex-
ample and experience of other live
Southern cities where incinerators
have been established and found to
be very efficient and practically the
only sanitary method of disposing of
a city's dangerous waste. The pos-
sibility of night soil is extremely im-
portant, and for that purpose incineration
provides the safest and most complete
method.

The board also is vigorously push-
ing the plans for constructing the com-
plete system of sewers planned by
Hazelhurst & Anderson, sanitary engi-
neers of Atlanta, and modified by City
Engineer F. F. Pillett. This will
completely solve this difficult health
problem for the city, and the board of
health realizes that the sooner it is
done the better it will be for the rap-
idly developing city of Wilmington.
These plans will give the city 45 miles
of modern sewers, including the lines
of the existing Wilmington Sewerage
Company. The new sewers will ex-
tend practically over every unsewer-
ed portion of Wilmington now occu-
pied by dwellings.

All authorities agree that the build-
ing of the intercepting sewer, which
is part of this plan, is an absolute ne-
cessity, for it will furnish not only
the means of conveying sewerage away
from the water front of the city to a
point below the city confines but it
will constitute the great trunk sewer
which is necessary to receive sewerage
from all future extensions of the
system. Without this intercepting
sewer those suburban sections now so
rapidly building up in the eastern part
of the city cannot be supplied by the
proposed public sewer.

With the incinerator and the pro-
posed sewer plan, so generally approv-
ed, there will be an assured increase
of property valuations, but, above all,
refuse which may produce much sick-
ness will be taken care of in the most
complete and efficient manner, thus
making Wilmington one of the most
healthful cities in the South.

It is extremely fortunate for the
city that serving upon the board of
health are Drs. E. J. Wood and Her-
lee Bellamy, whose extensive study,
professional experience, technical
knowledge, and civic zeal are back of
the movement. They also have the
hearty co-operation of Prof. Washing-
ton Catlett, superintendent of public
schools, whose fine intelligence and
deep interest are enlisted in this great
work for Wilmington. In fact, all
members of the Board of Health de-
serve commendation for their broad
conception of the need of the city,
and for their unremitting devotion to
the consummation of the plans for
making Wilmington the cleanest and
healthiest port on the Atlantic.

THE UNIT RULE NO MORE.

This is a country in which the ma-
jority rules as a finality, and in that
respect it establishes the will of the
people as a unit. In our Democratic
State convention, the candidate who
gets the majority becomes the nomi-
nee, as much so as if he had received
every vote in the convention. There-
fore, the majority in the convention
controls its final action as a unit. We
would not change that rule, nor go
back to the unit rule, for in choosing
delegates to either county, State or
National convention the unit rule is
dead, never to be resurrected. The
action of the National Democratic
convention at Baltimore last week
settled that question in abolishing the
unit rule as to representation of States
as a unit in National conventions.

That action was taken as to the dele-
gations of Ohio, Pennsylvania and
other States. For example, let us take
the case of Ohio, where Governor Har-
mon as a Presidential candidate car-

ried the State by a good majority. He
received a majority of the delegates
and, according to the unit rule, his
friends claimed that the entire State
representation should be given to Har-
mon, in spite of the considerable num-
ber of Wilson delegates chosen in the
primary. On the contrary, Pennsylv-
ania elected a large majority of Wil-
son delegates, while a number of Clark
delegates were also chosen. The unit
rule would have given the entire State
to Woodrow Wilson in spite of the
Clark delegates chosen in the State
primary. The manifest injustice of de-
priving Wilson of his quota in Ohio,
and Champ Clark of his strength in
Pennsylvania, was so manifest that
the National convention by its action
abrogated the unit rule and ordered
the delegates of Ohio and Pennsylv-
ania to be divided among Harmon,
Wilson and Clark according to their
respective standings in the primaries.
That was right, and so far as getting
at the will of the people is concerned
we will hear no more of the unit rule.
The Norfolk Virginian-Pilot discusses
this same question in this way:

"The action of the convention in
abrogating the unit rule except as to
States where primary laws are man-
datory for it, was in accordance with
the views expressed by the Virginian-
Pilot in yesterday's edition. The move
is in the direction of emancipating in-
dividual delegates from machine con-
trol and of arriving directly at the will
of the constituency to which each dele-
gate owes his commission; and as to
Virginia the result of the abrogation
will be that the votes of delegates who
favor some other candidate than the
one on whom the 'organization' lead-
ers may concentrate their strength can
not be coerced into foregoing the
preference which was avowed before
their appointment. This will ensure to
each of the aspirants the quantum of
support to which he is really entitled,
and this is as much as the friends of
either ought to ask, and as little as
any honest opponent should willingly
accord."

The North Carolina Democracy long
ago abolished the unit rule as to rep-
resentation in county and State con-
ventions. Now each candidate receives
his just quota in a county or State
convention, whether it is a large or a
small vote and the aggregate repre-
sents the will of all the people. The
final force of the unit principle comes
as a last test in the convention when
a majority in the State convention
represents the unit, while two-thirds
of the vote of a National convention
controls the unit there. Just as the
unit rule has been abrogated as to
State delegations, so will the two-
thirds rule ultimately be abolished in
the National convention. The two-
thirds rule prevented the Hon. Champ
Clark from being nominated for Presi-
dent, although he had a clean majority
of the vote in the Baltimore conven-
tion last Saturday. However, the peo-
ple voted in the primaries according
to the two-thirds idea, and this con-
test will follow precedent. Neverthe-
less, the Chicago and Baltimore con-
ventions have demonstrated how im-
practical are the plans of the two
parties in choosing delegates to con-
ventions, and both have gone a long way
towards convincing the people that le-
galized preference primaries must be
adopted as the best means of getting
at the will of the people as expressed
by the majority.

STEAMERS FOR PANAMA.

We are South America's largest cus-
tomers, yet Great Britain, Germany,
France and other European countries
are their greatest sellers. The people
of the United States buy more from
their 48,000,000 South American neigh-
bors than any other country, and the
balance of trade between us and them
is largely in their favor.

This condition is bound to be chang-
ed. In fact, it is rapidly changing now
and it will wonderfully change just as
soon as trade is stimulated by the
Panama Canal. The trade of the
United States with Latin American
countries is certain to grow into large
proportions, and increased shipping
service is now being provided for both
freight and passenger service. At its
recent annual meeting in New York
the so-called shipping trust decided
to place several of its steamers in the
South American trade. In a short
while steamers will regularly run from
New York to Panama and also to Lat-
in American ports, but the present
plans are to cater to the large num-
ber of people who wish to see the can-
al and take trips to South American
countries to look up trade. These
steamers will make calls at Atlantic
ports to pick up passengers and
freight, and if Wilmington gets ready
with her municipal piers she can easily
be made a port of call as any other
port.

By reason of its geographical posi-
tion, the South is in a position to get
a large share of South and Central
American trade. New York will be
closer to South America by a direct
route while by the present route it
is 3,000 miles further away than
England to the eastern coast of South
America. By reason of their geo-
graphical position, Southern ports will
be from 600 to 1,000 miles nearer than
New York. This is a great advantage
in favor of Southern ports, but the one
thing lacking is steamship service,
without which we will have a disad-
vantage rather than an advantage.

For instance, if we expect to export
or import, we will have to make ship-
ments through New York, thus mak-
ing our really nearer ports from 600 to
1,000 miles of trade route further away
from South America than the port
of New York. However, if we can get

direct steamship service, the great ad-
vantage and big opportunity is ours.
We can get the steamship service if
we will equip our ports with the prop-
er facilities and water terminals.
There is no doubt about that.

PRE-EMINENT IN HEALING.

A communication elsewhere on this
page directs attention to a notable phi-
lanthropy of which unfortunately too
little is known. Reference is had to
the "Hospital School for Crippled
Children," established by Mrs. Painter,
in Baltimore, Md., in memory of her
husband and under the direction and
management of Dr. William S. Baer,
the great orthopaedic surgeon, whose
marvelous discoveries have made him
one of the leaders of his profession
and who possesses a heart full of ten-
derness for suffering children.

The communication, signed "Cape
Fear," tells something of this wonder-
ful work which should be peculiarly
appreciated in Wilmington. There
children and one man from Wilming-
ton have recently received the bene-
fits described under Dr. Baer's treat-
ment at the expense of a philanthropic
Wilmingtonian who desires to extend
this great boon to others who might
be also benefited or cured and who
have not the means necessary. The
cases from Wilmington were practical-
ly hopeless, but several have been
wholly restored to health.

An interesting Wilmington girl, ten
years of age, afflicted with infantile
paralysis for eight years, who never
stood on her feet, but moved on her
hands and knees, is still under treat-
ment and is walking about with
crutches and aid of her braces and
soon will be able to even walk without
her crutches. Baltimore, noted for its
splendid surgeons and the eminence
of its specialists, has no more interest-
ing nor more humanitarian work than
this "Hospital School for Crippled
Children."

A little learning need not make a
man afraid of a little wisdom.

Governor Baldwin, of Connecticut,
who appeared in the Baltimore con-
vention as an eligible, is 74 years of
age. He had passed the "three score
years and ten" limit, a fact which
shows that ambition never cools with
age—especially with a man who can
get out and take a walk of nine miles
as a constitutional.

CURRENT COMMENT.

With all due respect to both the
Rock Hill and Wilson plans, the fact
stands out that no way to reduce cot-
ton acreage by agreement has yet been
found.—Charlotte Observer.

Compare the spectacular New York
papers you bought yesterday morning
purporting to be "Sunday papers" with
The Daily News on the balloting at
Baltimore, and you will see how the
sensational yellows impose on you.
The New York "Sunday papers" that
are sold in the South are usually
printed Friday night.—Greensboro
News.

A line was recently established be-
tween New Orleans and the eastern
coast of South America. But New
Orleans is as far from that coast as
New York is, and about 750 miles fur-
ther from it than Jacksonville. Our
city is on the direct line between the
center of the United States and the
eastern coast of South America, and is
the logical port for the handling of the
business between this country and
South America. The people of Jack-
sonville are much stirred up over the
question of water terminals. We
hope they will soon get this matter so
adjusted as to make the future of this
city secure and will then give their at-
tention to the matter of direct trade
with the northern and eastern coast
of South America. The industries of
the Southeast and the railroads of the
Southeast would be greatly benefited
by the adoption of the shortest and
therefore the least expensive route for
the South American trade, and we be-
lieve they would co-operate with Jack-
sonville in establishing a steamship
line which would add to our trade with
South America.—Jacksonville Times-
Union.

A NOBLE CHARITY.

The writer saw recently in the pro-
gressive monumental city of Balti-
more many evidences of laudable phi-
lanthropy in the arts and sciences for
the public welfare. The wonderful
collection in Mr. Walters' art gallery,
the beautiful drives and walks of
Druid Hill Park and the greater boon
to all its fortunate inhabitants of a
wide extension of public pleasure
grounds by a chain of parks which
will bring rest and recreation within
easy reach of any quarter of the city,
are prominent features of private and
public beneficence. We were particu-
larly interested in its superlative fa-
cilities for the cure or mitigation of
all the ills and pains of poor human-
ity. Pre-eminent in the healing art
are physicians and surgeons whose
names are famous throughout the civ-
ilized world, whose wonderful skill is
freely given to the poor without money
and without price in hospitals which
the highest types of manhood have
generously provided. A recent addi-
tion to these humane enterprises is
the establishment of Mrs. Painter in
memory of her husband of the "Hos-
pital School for Crippled Children,"
under the direction and management
of Doctor William S. Baer, the great
orthopaedic surgeon whose marvelous
discoveries in this branch of surgery
have made him one of the leaders of
his profession and whose great big
heart full of tenderness for suffering
children was the inspiration of the
undertaking. This fine institution is
founded upon the crest of a high hill
overlooking Druid Hill Park and the
city of Baltimore, in spacious grounds
comprising fifteen acres; the building
of stone is thoroughly equipped with
detention ward, private rooms, operat-
ing rooms, complete gymnasium and
two long male and female wards open
at all seasons to the pure air with a

glass division room for nurses on duty,
who overlook from this protected po-
sition the rows of little beds upon
each of which is piled in very cold
weather eight or ten blankets to keep
the patients warm while they breathe
the healing outer air until their cheeks
are ruddy with returning health. Cer-
tain good women of Baltimore are the
guiding spirits of this sweet charity.

For the bare cost of maintenance,
about two hundred and fifty (\$250) dol-
lars a year, the crippled child's body
and mind are cared for by the most
skillful surgeons and teachers sup-
ported by a staff of sympathetic
nurses who provide all the comforts
that are necessary for their welfare.
Accompanied by Dr. Baer, who seem-
ed to be a veritable "Santa Claus" to
the afflicted little ones, we saw 28
cases which he had recently operated
upon. Some were strapped upon
wooden frames in bed, others in roll-
ing chairs and others were at play in
the open grounds, all happy as larks
in their straight jackets and braces
and crutches. We asked the bright-
eyed little Hebrew in bed his name.
He said, "I am a respectable 'Shenny',
when are you going to let me walk?"
Another who had been strapped to a
frame in bed for many months was
asked what he most desired. With a
fervent look into the eyes of the big
doctor, he replied, "That I might stay
here always." Poor little sufferer of
the stumps, he knew what was best for
him! Another who was asked what
he wished, said, "A painted fan, but
he added, please bring one to all of
us," and shouted little "Shenny" from
the next bed, "bring me two."

We approached a lonely-looking lad
who told us with a smile that he was
"lots" better since the doctor operated
on him.

As we watched the outdoor patients
at their play a little chap whose body
and neck were encased in plaster af-
ter an operation for tuberculosis of the
spine, stumbled and fell striking his
face against a stone, for he couldn't
see the way. His pitiful wail was ar-
rested by a jovial shout from the doc-
tor and with a lump in our throats we
saw the sobbing child come forward
and put his two little hands around
the doctor's large fist and then smil-
ing through his tears he patted his
big benefactor with a trustfulness that
was beautiful to behold. And as we
looked, we realized that after nineteen
hundred years there still abideth
Faith, Hope, Love, these three, but
the greatest of these is Love.

We came away deeply impressed by
the revelation of Doctor Baer's great
goodness to the afflicted children of
the "Hospital School" and inspired
with profound sympathy and gratitude
—sympathy with the blameless little
ones whose lives were blasted before
they could understand its meaning;
and gratitude for his wonderful skill
and loving kindness in saving them
from ceaseless suffering and hopeless
lives. We thought of a fearful picture
by the "mad artist" of Belgium en-
titled, "Napoleon in Hell," describing
his torment in flames while countless
victims of his wars, maimed and bleed-
ing, denounced him for their suffer-
ing, and in vivid contrast we saw in
our mind's eye a picture in the "Home
of the Blessed" of a good physician
surrounded by hundreds of radiant
children, leading him in triumph to
the Great White Throne and to the
welcome of Him who said, "Inasmuch
as ye did it to one of the least of these
ye did it unto Me." CAPE FEAR.

NEED OF BETTER FACILITIES

Bond issue is imperative if New Hanover is to keep pace with other counties in the matter of education and provide the facilities that are absolutely necessary for her youth to receive the necessary training to fit them for useful men and women. It will be necessary to issue bonds some time during the next year for building new school houses and to employ additional teachers. This, in substance, is a statement made by Chairman J. O. Carr yesterday afternoon at the regular semi-annual meeting of the County Board of Education, at which a number of requests for new or enlarged school buildings with increased number of teachers were presented and discussed.

The delegations present concurred in the statement of Chairman Carr, for it has been known for some time that the schools of the county have been running on a very close margin. But in spite of the handicap in the way of finances the schools have been able through the wise direction of affairs by the County Board of Education to maintain the usual high standard. The time has about arrived, however, when even the present rigid economy and splendid business-like methods of the board will not avail to keep the facilities adequate to meet the needs of the different schools. The number of school children is increasing in every district to such an extent that it now seems that the board will be called upon to expend at least about \$25,000 a year in providing new or enlarged buildings. No new buildings can be effected out of the current expense fund, according to the statement of Chairman Carr, and a bond issue seems to be the only way of obtaining the money. The last Legislature authorized an election to determine the question of issuing bonds for school purposes, but the board refrained from asking for an election because it was thought the time was not ripe. However, there is some ground for believing that some time within the next year the question will be submitted to the people. The money would be equitably distributed among the schools of the city and country.

Chairman Carr presided at the meeting and in attendance were Mr. G. L. Gieschen, a member; Prof. Washington Catlett, the superintendent; Mr. H. M. Green, county treasurer, and a number of persons interested in matters considered by the board. Mr. Chas. E. Taylor, Jr., is the other member of the board.

The first matter to claim attention was a request made by Mr. H. H. Cooper, of Castle Haynes, district No. 10, that another school room and another teacher be added to the school in that district. Action was deferred.

Mr. Geo. Shepard was spokesman for a delegation from Middle Sound, district No. 13, asking that the school house be removed to a more central point in the district. The request was made a year or two ago and the question has been hanging fire ever since. Last year the board appropriated \$700 for a new building, but a question arose as to the proper site and this is still unsettled. No action was taken, the matter being deferred.

A new school house was asked for in Masonboro township. A recent grand jury condemned the present building and the county superintendent recommends a new building. It is estimated that a building would cost about \$1,500. The delegation present yesterday stated that the patrons would be willing to deliver the lumber free. Herbert McClammy, Esq., presented the claims of the Masonboro citizens. Messrs. T. P. Herring and Addison Hewitt, committeemen of the district, were also present. It was stated that Mr. W. L. Parsley had agreed to give a site for the building on the turnpike. A petition signed by nearly all the patrons in the district was presented.

It was decided to hold a special meeting next Friday afternoon at 7 o'clock at which time all the requests presented yesterday will be given consideration.

Yesterday was the time for the semi-annual apportionment of the school fund. There being no money in the treasury for the schools, the board was relieved of this task yesterday. The schools, however, will open as usual in the Fall, for by that time sufficient money will have been received on taxes for the fiscal year.

Representatives of two desk manufacturers were present with models of the desks made by their companies. They were asked to file the superintendent's prices. The board is soon to buy some desks for the handsome new Bear memorial school building now in course of construction.

The report of Prof. Washington Catlett, the popular and capable superintendent, for the past year, was submitted to the board. It was a splendid report and it was heard with interest by all present. It shows in detail what was accomplished in the rural schools the past year. A copy of the report will be sent to the State superintendent of public instruction.

\$340; treasurer's commissions, \$1,571; mileage and per diem of board, \$72; expenses of county board, \$35.70; taxing census, \$149.34; horse and buggy hire and attending State superintendent's meeting, \$96.78; money repaid, \$10,700; taxes refunded, \$114.05; interest paid, \$698.39; total of \$76,156.92, leaving a balance of \$670.04.

The report of the superintendent of public instruction was as follows: "Wilmington, N. C., July 1, 1912. To the Honorable Board of Education of New Hanover County: Gentlemen:—I have the honor to submit this, my 11th annual report of the rural schools under my supervision."

"With the helpful support of this board the schools have progressed in interest, numbers and usefulness."

"With improved macadamized roads, ramifying from the city, the people are demanding better school buildings, and are showing greater interest in the education of their children. The day of the one-room school with one teacher struggling with every grade from first to eighth is passing."

"In every district where better buildings and better facilities have been offered, the people have been responsive, and the schools have been well attended. More than that, the other districts, seeing the results and realizing the necessity of educating their children to meet the demands of modern life, are clamoring for better buildings. While this board has accomplished results beyond the limit of their resources, it is just that I should say that the rural schools with the exception of a few newly built structures, are not only antiquated in style and accommodation, but are absolutely inadequate to meet the demands of modern educational principles, as well as an acknowledged sanitary requirement. Practically nothing has been spent upon the schools in the country during the past year."

"As I stated in my last year's report, this is the only county in the State which has carried an entire county special school tax. The people have cheerfully voted for this and have met the demand. Every county in this good old State is raising funds for High Schools and for improved buildings. It is no unusual sight in passing any obscure village to notice attractive school buildings which have been erected for the advancement of education in its neighborhood. This county must not and will not be behind others."

"I think it is acknowledged as a social principle that the present generation should not bear the entire expense of permanent improvements, but that such should be distributed among several generations. Therefore, the only logical and business solution of how to provide suitable permanent buildings is to issue bonds for 25 or more years."

"Within the past year the suburban settlements have increased like magic in every direction from the city."

"In Winter Park, where a school was established for 30 or 40 children, there is now a census of 63 children of school age, all of whom may be expected to attend school next year. In another direction a small settlement of 19 children has increased to a census of 29, with a prospect of more families to move into the section. When the district is provided with new buildings, I would call your attention to the school house at Masonboro, district No. 4. This building of two, low, unsanitary rooms has been condemned by a grand jury. It should be, by all means, replaced by a new structure. This district has a census of 73 children, with an enrollment last year of 62, and an average attendance of 40."

"The new district, 17, created last year at Winter Park, has no building, but the neat little Baptist church was offered by its members for use. The thanks of the people and this board are due them, and I am sure are heartily extended. But we no longer have the use of the church, and a building must be provided. It is an ideal point for a large graded school, or in the future for a rural high school. Erect a building here so that in coming years it will be a monument of sound forethought."

"The school for white children in District 13, according to facts presented, should be moved to a more central point. Until this is done the long walks over very bad roads will render the school of little use to the people."

"In District 10, there is a demand, or request, for another room and teacher. These are some of the pressing needs, most of the schools need overhauling and repairs. I hope means will be provided to meet, at least, the most urgent demands. I hope the day is not far distant when the plan of centralizing our schools in a rural graded system, with carrying distant children by wagons, may be adopted. I advocated this ten years ago. It works admirably in other States, and is being used in some parts of this State."

"There are 15 rural districts, an increase of one, consisting of 27 schools, 15 for white children and 12 for the colored. Six of the white schools employ two teachers, one colored school has two."

"Census.—The recent census of school children from 6 to 21 years is \$1,719 for city and county, an increase of 532 over the census of two years ago. The increase is as follows: City, 265; of which the white give 203, and the colored 62. The rural increase is 167, of which 111 are white, 56 colored."

"The unusually bad weather during the past session interfered seriously with the average attendance."

"Expenditures of the Rural Schools.—White, teachers, \$7,089.37; colored teachers, \$3,210; yearly salary of superintendent, \$1,200; fuel and janitors, \$418; furniture, desks, stoves, etc., \$363.18; supplies, buckets, brooms, etc., \$43.80; libraries, \$65; insurance, \$56.25; new buildings and repairs, white, \$61.44; new buildings and repairs, colored, \$913.17; office expense, \$33.70; horse hire, visiting schools, \$62.78; expenses of superintendent in attending meetings of superintendents by law, \$34. Total, \$11,201.06."

"Value of School Property.—White, rural, \$11,555; city, \$190,000; total, \$201,555. Colored, rural, \$6,223; city, \$13,000; total of \$19,223; a grand total of \$220,778."

"The rural libraries are still a great help in uplifting the children and filling their minds with wholesome thoughts, and training them to a love of good literature. The educational help has been of great value to the teachers."

There were read by the white, and 600 by the colored.

"The work of supervising by the superintendent has been done over pupils and teachers. There are 27 schools. The superintendent closed about 100 visits besides attending closing exercises and inspecting the schools before opening. At the closing exercises speeches were made by request to the assembled friends and patrons of the schools."

"These exercises were of a high order, and would compare favorably with any schools."

"The teachers have been faithful and efficient. To them the success of the schools is largely to be attributed. The committeemen, as a whole, have performed their duties with willingness and ability. Many of them have taken a deep interest in the schools."

"For the past ten regular monthly meetings of the teachers have held for both races. During the past year eight meetings have been held for each race."

"Studies upon the best methods of teaching have been pursued. The books prescribed by the State Board have been read and discussed. In the place of an institute, which I desire greatly to hold this Summer, we have had lectures from the leading members of State Superintendent Joyner's staff, besides lectures have been delivered by experts upon school sanitation, the care of the eyes and ears, the general hygiene of school children. Some of these meetings were held jointly with the city teachers, and model lessons were arranged. In visiting the schools, the superintendent observed the work being done and examined the pupils."

"Some admirable industrial work has been accomplished and exhibited by the colored schools. Both white and colored children have exhibited drawing, writing and number work. I have been informed by those who are in a position to know that the children of the rural schools are receiving efficient and up-to-date instruction, and that they have evidenced it wherever they have been thrown with other schools."

"Sanitary inspection and water supply.—According to the law guiding the County Board of Health, in company with Dr. W. D. MacMillan, superintendent of health, every school was inspected, fumigated, cleaned, and scoured last Fall before a pupil was allowed to enter. This precaution will be strictly observed the coming session. With the exception of three schools, the children drink water from surface pumps, which are certainly not safe in thickly populated communities. I would urge you to take measures to have deep wells bored that we may safeguard the health of our children. The next most important thing is the sanitary closet. Only the most primitive accommodations are afforded at the best of the schools. It is imperative that some provision be made for installing the safest arrangement of sanitary privies. Since no one doubts the ancient maxim, 'Men's sana in corpore sano', surely it is 'unwise to provide for the sound mind and leave the healthy body to grow by chance or accident. As the law requires, the fines and forfeitures have been carefully collected by our efficient treasurer, and the clerks of the courts have been prompt and courteous in sending their reports to this office as the law demands."

"From Superior Court, \$285; from Recorder's court, \$5,777; other courts, \$241.85; a total of \$6,284.85."

"In closing this report, it gives me the greatest pleasure to testify to the unfailing and valuable support and encouragement which this board has given me at all times."

"The magnitude of the public school affairs, and the trying dilemmas have so increased that the work of this board is no easy task. The Legislature in its enactments by enlarging the powers of the board enlarged also its labors and responsibilities. Only those who have been in touch with you know how well and faithfully you have performed your duties, guarded your trusts, and the schools of the city and county bear testimony to your efficient administration. I am, gentlemen, very respectfully,

"WASHINGTON CATLETT,
County Superintendent."

Injured by Trolley Car

Mr. G. W. Taylor, of 107 Walnut street, was thrown and injured Sunday afternoon at Wrightsville Beach when he attempted to board a suburban car between Lumbina and Station Six. The car was moving at a good rate of speed and Mr. Taylor missed his grip at the handrail. He suffered a wrenched back and a number of bruises. He was brought to the city on the car and sent to his home, where he received the attention of a physician. Mr. Jas. Brechli, an Italian shoemaker, was also injured Sunday when he stepped from a car on Fourth street and fell or was thrown to the ground. He sprained several fingers on one hand.

Held on Serious Charge

Herbert Ausly, a young white man employed at the Bellwill Cotton Mills, was arrested yesterday following the receipt by Chief of Police Fowler of a telegram from the Sheriff of Alamance, stating that he was wanted there on a charge of seduction. The telegram advised the local officers to hold Ausly until an officer could be sent for him. He is being held in default of \$500 bond.

REGULAR MEETING YESTERDAY

Few Matters of Interest Came Before The Board of County Commissioners—Only Three Members Were Present.

With Chairman D. McEachern presiding and Commissioners Metts and Kerr present, the Board of County Commissioners met in regular monthly session at the Court House yesterday afternoon. In the absence of Mr. John Haar, the clerk, Deputy Register of Deeds Henry Horne acted as clerk to the board. Few matters of importance came up and the session was almost devoid of interest.

Upon request of the Wilmington Savings & Trust Company, the present owners, Nos. 79 and 80 of the New Hanover Court House bonds, of \$500 each, were made payable to bearer instead of to C. H. Williamson, in whose name they were listed.

A communication was received from Mr. J. S. Bryant in which he stated that he was not at liberty to accept the position of constable of Wilmington township, to which the board had appointed him to fill an unexpired term. It is imperative that a constable was left until a full meeting of the board.

A letter from Capt. Warren L. Jones called the attention of the board to the fact that he and another person had been paying taxes on the same lot on Charlotte street for several years. The matter was referred to the clerk of the auditing committee for investigation and report.

In response to a communication from Mr. F. L. Huggins, asking that a committee with power to act be appointed to negotiate with him for about four acres of the county farm property which he wished to purchase for a manufacturing site, the matter was referred to the county farm committee with power to act.

County Attorney Milsden Bellamy reported \$448.63 in back taxes collected, he handed in check for that amount, less commission, which was \$144.86. The report of the Associated Charities was received and filed. The Register of Deeds reported that 36 marriage licenses had been issued during the month of June, 23 to white applicants and 13 to colored.

Dr. W. D. MacMillan, county superintendent of health, made his report. He reported that no cases of quarantinable diseases had occurred in the county outside of the city for the month and that the report of such diseases in the city had not been filed with him yet. There had been little sickness in the county institutions. Dr. MacMillan reported that the county generally was in a good sanitary condition, and especially so with Wrightsville Beach. He had made an inspection and found it to be in better condition than ever before.

A communication from citizens of Harnett township, complaining of the fact that the old "Meares", Greenville road, had been blocked by property owners along it, and asking the board to take action to open the highway, was read and referred to the road committee for investigation and report.

Because of the rapid growth of the outlying suburbs of the city and communities throughout the county, it was decided to authorize the employment of an assistant to the superintendent of health, whose particular duties should consist of working up cases against those violating the sanitary laws of the county. The matter was referred to the chairman and the superintendent of health with power to act.

A communication from Miss Mary D. Cronly, asking that the board either take action on the matter of closing the Summer Rest road north of Larkin's ditch or answer her as to why the road has not been opened following petitions from residents in that section, was referred to the road committee with instructions to report at the next meeting.

Mr. Cooper, the assistant tax assessor of Cape Fear township, made his returns of tax listing, duly sworn to. The following jurors were drawn for the July term of Superior Court:

First week—J. M. Walton, L. Brogdon, Ed Taylor, J. D. Brantley, Henry Bowden, L. S. Southard, J. T. Jarrott, Jas. A. Montgomery, C. H. Casten, J. P. Tew, Geo. S. Nevins, J. G. Johnson, F. S. Miller, E. H. Davis, Lee Greer, D. A. Cameron, Ira A. Hines, C. R. Spooner, Chas. Rogers, L. L. Rice, J. S. Parker, W. M. Atkinson, C. S. Lewis, D. K. Ledgwin, W. J. Mallard, L. J. Hannah, Frank Andrews, D. W. Coleman, W. N. Royal, W. L. Grissom, Henderson Cole, J. A. Thomas, H. O. Thomas, F. J. Dempsey, J. D. Bender, J. L. Sutton.

Second week—E. B. King, J. A. Munds, F. L. Mintz, E. T. Taylor, Jas. H. Cowan, Geo. H. James, A. L. Long, W. F. Kerr, J. J. Finer, C. V. Mott, W. S. Bunting, H. E. Walton, Thos. E. Davis, E. P. H. Strunk, J. R. Canady, A. J. Mitchell, J. C. McCartney.

There had been little sickness in the county institutions. Dr. MacMillan reported that the county generally was in a good sanitary condition, and especially so with Wrightsville Beach. He had made an inspection and found it to be in better condition than ever before.

A communication from citizens of Harnett township, complaining of the fact that the old "Meares", Greenville road, had been blocked by property owners along it, and asking the board to take action to open the highway, was read and referred to the road committee for investigation and report.

Because of the rapid growth of the outlying suburbs of the city and communities throughout the county, it was decided to authorize the employment of an assistant to the superintendent of health, whose particular duties should consist of working up cases against those violating the sanitary laws of the county. The matter was referred to the chairman and the superintendent of health with power to act.

A communication from Miss Mary D. Cronly, asking that the board either take action on the matter of closing the Summer Rest road north of Larkin's ditch or answer her as to why the road has not been opened following petitions from residents in that section, was referred to the road committee with instructions to report at the next meeting.

Mr. Cooper, the assistant tax assessor of Cape Fear township, made his returns of tax listing, duly sworn to. The following jurors were drawn for the July term of Superior Court:

SEVERAL CUTTING AFFAIRS

Negroes Making Reckless Use of Cutlery Late—One Arrest

Several cutting affairs have been reported to the police since Saturday night, negroes figuring in all of them. "President" Grady and Arthur Brown were cut by several other negroes Sunday morning about 2 o'clock, but the injured men would give the police no details of the affair. They were sent to the James Walker Memorial Hospital for treatment. Willie Jones, the son of a colored restaurant keeper, was slashed by a boy companion with whom he quarreled Sunday night

near Nutt and Red Cross streets. No arrests have been made in either of the cases.

Yesterday morning about 7 o'clock Abraham Watson, colored, was cut by Jesse Blount, according to his statements, aided by his mother. Watson alleges that the Blount woman came to his home and that he ejected her, whereupon she returned with her son, He says she held him, while her son slashed him across the back with his knife. His wound was about eight inches long. The Blount woman was arrested yesterday by Deputy Sheriff A. L. Kelly, but the boy has not yet been apprehended.

Married Last Night

Mr. Gurley M. Smith and Miss Hatlie G. Strickland of Delgado, were married last night at 10:30 o'clock at the office of Justice G. W. Bornemann, on Princess street, the genial magistrate performing the ceremony in his usual impressive manner. After the wedding, which was witnessed by a number of the friends of the couple, the "Judge" entertained the party with several vocal and instrumental selections. The young people will make their home at Delgado, where they are popular among a wide circle of friends.

SOCIAL & PERSONAL

Miss Francis Parke, of Raleigh, is visiting Miss Olivia Horne, at 312 Red Cross street.

Yesterday's Charlotte Observer: "Mrs. R. A. Baber, of Shelby, and Mrs. C. W. Nixon, of Wilmington, were guests in the city yesterday."

Mr. and Mrs. A. L. Borden and little daughter, of Waycross, Ga., are visiting his sisters, Mrs. M. B. Haskett and Mrs. J. T. Cowan, No. 926 North Fourth street.

Sunday's Charlotte Observer: "Miss Essie Stokes has returned to the city after a visit to Wilmington, where she was a guest at the house party given by Miss Lucile Sinner."

Miss Genevieve Dushan left yesterday afternoon for Rockingham to spend a week with her friend, Miss Johnnie Cameron, who is giving a house party.

Mr. G. W. Cole and family will leave today for a visit to Mrs. Cole's relatives near Austin, Texas. They will return to Wilmington in six or eight weeks.

Miss Mary Lem Boykin and Miss Margaret Murphy have gone to Rose Hill and other points in Duplin county to visit relatives and on their return will spend some time at Wrightsville Beach.

Mrs. James Owen Kelly and daughter, little Miss Helen, left last night for Waynesboro, where they will spend the remainder of the summer. Mrs. Kelly's mother, Mrs. G. H. Smith, of Gordonsville, Va., who spent the past two weeks with her daughter, accompanied them and after spending a month at Waynesboro will return to her home.

Friends in this city and elsewhere have learned with interest and pleasure of the announcement of the engagement of Miss Helen Iredell Williams, the attractive daughter of Mr. and Mrs. W. A. Williams, of this city, and Mr. Allen Jones, of Columbia, S. C. The wedding will take place in the early winter. Mr. Jones is a prominent young business man of Columbia, being engaged in the cotton mill business. Miss Williams is one of Wilmington's most attractive and accomplished young ladies.

Rocky Mount, N. C., July 1.—The following invitations have been issued: Mr. and Mrs. William Lewis Thorpe invite you to the marriage of their daughter Mary Arrington.

Mr. J. Lawrence Horne, Jr. on the morning of Wednesday July seventeenth nineteen hundred and twelve at eight o'clock Church of the Good Shepherd Rocky Mount, North Carolina at home.

After August the fifth 124 N. Church street. No invitations issued in the city. Both are popular young people of this city and have a host of friends here and in other parts of the State who will learn with interest of the approaching nuptials. Miss Thorpe is a daughter of Judge William L. Thorpe, a prominent attorney of this city, a graduate of the State Normal College at Greensboro and later a member of the faculty of the city schools, a young woman, deservedly popular and held in high esteem by a host of friends and acquaintances. Mr. Horne is editor and part owner of the Evening Telegram of this city, a former Trinity student, and is well known in newspaper circles over the State.

DIED

M'CAIG—At the residence of the parents, No. 608 Dock street, Monday, July 1st, at 3:15 P. M., WILLIAM D. JR., infant son of W. D. and Henry M'Caig, aged one year and two months.

Funeral at 11 o'clock this (Tuesday) morning from the residence; interment in Oakdale cemetery. Friends and acquaintances respectfully invited to attend.

FUNERAL NOTICE

The funeral of the late MR. EDWIN BORDEN, who died Sunday, June 30th, at Clifton Springs, N. Y., will be held this (Tuesday) afternoon at 5 o'clock from Grace Methodist church, with interment in Oakdale cemetery. Friends and acquaintances invited to attend.

LOCAL DOTS.

—Through a typographical error in the Wilmington markets of Sunday's Star rosin was quoted at \$5.15 when it should have been \$5.85.

—Mr. L. Leon, adjutant of Cape Fear Camp, No. 254, U. C. V., remarked yesterday that the day was the 49th anniversary of the beginning of the battle of Gettysburg. Mr. Leon and several other Wilmington veterans took part in the great fight.

—Through a typographical error in Sunday's Star, the price on a desirable piece of real estate for sale by Wilder & Metts was made to appear "\$20,000" when it should have been "\$2,000." The advertisement appears correct in today's issue.

—Dr. Wm. Hannum, of Hartsboro, Pa., is visiting Councilman B. C. Moore. He arrived yesterday on the steamer from New York. He was born in Duplin county, but his parents removed from here there when he was about six months old, and this is his first visit to Wilmington.

—Manuel Pierce, colored, was arrested yesterday by Plainclothes Officer D. W. Coleman, on a charge of vagrancy, and later a warrant charging him with the robbery of \$10 or \$12 from J. W. Smith, colored, was served on him. The robbery is alleged to have occurred several years ago.

—Oscar Wortham, colored, was committed to jail yesterday by Justice Bornemann on a charge of an assault with a deadly weapon upon Abraham Cates, white. It is alleged that Cates attempted to collect a bill, and that the negro drew a revolver on him. The case will be tried this morning at 8 o'clock.

—John Grady, colored, who bears an unsavory reputation in police circles, and who was released Saturday after serving a long term on the county roads, shot and slightly wounded Deck Outlaw, colored, later Saturday night. The bullet from Grady's revolver grazed Outlaw's side. Grady has not been seen since.

—Jas. Marine, a young white man of the city, was arrested Saturday night by Deputy Sheriff Joe Bryan on a warrant sent here from Lumberton, charging him with false pretense. It is charged in the warrant that he purchased goods and had them charged to another person. He is being held for an order from Lumberton.

—A young white man who did not give his name, suffered an attack of cramp while surf bathing near the southern end of Wrightsville Beach Sunday afternoon. He was rendered helpless, but fortunately other bathers were nearby and they hurried to his assistance. Within half an hour he was completely recovered from the attack.

—The Seniors and Sand Fiddlers will contest at the Y. M. C. A. gymnasium tonight to decide which will hold the top place in the percentage column in the indoor baseball series. Morris or Cleaver will be on the slab for the Sand Fiddlers and Pillsbury or Lewis for the Seniors. The admission will be free and the public is cordially invited.

—Under the caption "Wilmington Now Important Place," an interesting news story on Wilmington and her port facilities appeared in Sunday's Raleigh News and Observer. The article was written by Mr. Howard E. Branch, secretary of the Chamber of Commerce, who has secured considerable publicity of this kind since he became connected with the Chamber.

PERSONAL PARAGRAPHS.

—Mr. Emmett Brown, of Fremont, spent yesterday in the city.

—Mr. Winifred W. Whaley, of Lumberton, returned home yesterday afternoon after spending the week-end at the beach.

—Among the arrivals yesterday at the Colonial Hotel were Mr. and Mrs. Jas. B. Bardin, Chadbourn; J. W. Gatewood, Washington, D. C.; Mr. and Mrs. J. D. Kyle, Fairmont; W. R. Atkinson, Burgaw.

—Mr. J. I. Ham, agent of the Atlantic Coast Line at Mullins, S. C., passed through the city Saturday on his way to Pikesville, N. C., to spend a few days with his mother, who has not been so well recently.

—Mr. D. J. Ward, of Winnabow, N. C., arrived in the city last night en route to Asheville, N. C., where he will attend the State Association of Rural Letter Carriers, which will be in session July 3rd and 4th.

—Among the arrivals at the Southern Hotel yesterday were Misses Shaw and Beulah Shaw, Elkton; H. E. Pridden, Currie; C. R. Brown, Burgaw; C. P. Robinson, Garland; D. J. Johnson, Raleigh; E. C. Faust, Warsaw; T. T. Scott, Fayetteville; H. E. Newbury and John R. Croom, Magnolia; D. J. Corbett, Jr., Currie; S. B. Hones, Mr. Olive.

—Messrs. Chas. Richter and C. F. Seltzer left last evening for New York, whence they will sail on July 9th on the steamer Kronprinzessin Cecilie, for an extended tour to Europe. While away they will visit relatives and friends at their old home in the Fatherland. Their many friends will wish them a pleasant trip across and a safe return in the Fall.

—The Hon. James F. Moore, who has been in a serious condition at University Hospital, Baltimore, Md., is now able to return to his home at Currie, N. C. He will be accompanied by his brother, Mr. W. A. Moore, of Greenville, S. C., and Mr. E. A. Moore of Currie. Mr. Moore desires to thank his many friends for their kind sympathy extended to him during his illness.

DEATH OF MR. EDWIN BORDEN

General Superintendent of Transportation of Coast Line Passed Away Sunday at Clifton Springs, N. Y.—Funeral

Mr. Edwin Borden, general superintendent of transportation of the Atlantic Coast Line Railroad, died at Clifton Springs, N. Y., Sunday shortly after noon, following a stroke of paralysis which he suffered last Wednesday. The sad news was received here Sunday afternoon and while it was not altogether unexpected, it nevertheless created profound sorrow throughout the city.

It was for the purpose of resting and recuperating that Mr. Borden went to Clifton Springs several weeks ago, accompanied by his wife, for a stay of a month or more. However, he suffered a stroke of paralysis last Wednesday afternoon and from that time until the end, practically no hope was held out for his recovery. In addition to Mrs. Borden, there were with him at the time of his death Miss Alice Borden, a daughter, and two brothers, Messrs. Chas. E. Borden, of Richmond, and Herbert L. Borden, of New York city.

Born April 16th, 1853, at Palestine, Texas, Mr. Borden was in the 60th year of his age at the time of his death. From a telegraph operator to the general superintendency of transportation of a great railroad was the career he forged for himself in life, and the tools with which he did it were his indomitable energy, uprightness, integrity, strong personality and deep devotion to the duty at hand, as well as a deep-seated devotion to all Christian principles.

Mr. Borden entered the railroad service in 1872 at the age of 19 years. From that time until 1885 he was operator and dispatcher on the Wilmington & Weldon and the Wilmington, Columbia & Augusta roads. From February, 1885, to August, 1891, he was chief dispatcher of the Wilmington division of the Atlantic Coast Line, and from January to April, 1898, he was chief operator and train dispatcher. From August, 1889, to August, 1891, Mr. Borden held the position of assistant superintendent of transportation, at the end of that time being made a superintendent of transportation. This position he held until 1902, when he was appointed general superintendent of transportation. Within that time he held the most important official positions in the service. This position he held until the time of his death, and in a manner that earned for him the admiration and respect of those who worked under his direction.

He was ever courteous and considerate of all, and not one of the men under him but what could go to him and find in him a kind friend and adviser as well as an executive official. The same spirit characterized him in his personal relations and hundreds of persons in all walks of life knew him as a friend.

Mr. Borden was a consecrated Christian and his life in this respect has ever been a model one. For many years he has been a member of the Grace Methodist church and at the time of his death was chairman of the board of stewards, as well as a member of the board of trustees.

In the death of Mr. Borden the Atlantic Coast Line has lost an able and valued official; Grace church has lost one of her most respected and esteemed members and the City of Wilmington has lost an honored and beloved citizen, for he was all of these and more.

Surviving Mr. Borden are his aged mother, Mrs. M. E. Borden of this city; his widow, four daughters, Mrs. Archibald Cannon, of Concord; Mrs. O. T. Wallace, of Hamlet, and Misses Alice and Duralde Borden of this city; also by three sisters, Mrs. L. M. McLeod and Mrs. E. R. Wooten, of Savannah, and Mrs. A. B. Lynch, of Wilmington; and three brothers, Mr. Jas. C. Borden, of New Orleans; Mr. Herbert L. Borden, of New York; and Mr. Chas. E. Borden, of Richmond, Va. To each and all of the bereaved ones the tender and sincere sympathy of the entire community goes out in this, their darkest hour.

The general offices of the Coast Line here were draped in mourning yesterday out of respect to the memory of the deceased official.

Accompanied by members of the family, the remains were brought to this city this morning at 1 o'clock on the train from the North, and were carried to the family residence, No. 419 North Third street.

The funeral will be held this afternoon at 5 o'clock from Grace Methodist church. Rev. John C. Wooten, the pastor, will conduct the services. Interment will be made in Oakdale cemetery.

Sorrow in Rocky Mount. Rocky Mount, N. C., July 1.—Many people in this city were shocked yesterday to learn of the death of Mr. Edwin Borden, general superintendent of transportation of the Atlantic Coast Line Railroad, with headquarters in Wilmington. He went on June 19th to Clifton Springs, N. Y., where he hoped his health would improve and that he would be able in a very short while to return to his office in Wilmington.

Mr. Borden suffered a stroke of paralysis Wednesday afternoon, and for some time previous to his death yesterday, it was known here that he was in a critical condition.

Mr. W. B. Deane, general superintendent of transportation; Mr. McClean, trainman of the Richmond division of the Atlantic Coast Line; Mr. E. C. Lucas, chief clerk to the general superintendent; Mr. C. C. Porter, superintendent of the Fayetteville district; Mr. W. H. Newell, general superintendent, and perhaps others, will go down to Wilmington to attend the funeral.

The remains will pass through Rocky Mount tonight in car No. 301. Mr. Borden's private car, attached to train No. 33, en route to Wilmington. The funeral will be held in Wilmington tomorrow afternoon, and interment will be in Oakdale cemetery.

Deposits made in the Savings Department of the American National Bank today will bear 4 per cent interest from July 1st. This is the beginning of their new interest quarter. Remember, Uncle Sam regulates this bank.

The following party returned Sunday to their homes in Georgia after a pleasant stay at the Seashore Hotel: Mr. and Mrs. Edna N. Broyles, Miss Sarah O'Farrell, Athens; Harriet Benedict, Athens; Louise Broyles, Helen McCarthy and Josephine Mobley, Atlanta.

The Kari, a well-known sailing and racing shell, is now on Banks Channel, at Wrightsville Beach, having made the trip around from the city Saturday and Sunday. The boat is in command of Capt. James R. Melton and will be used for fishing and pleasure purposes on the sound and outside.

Mrs. Lelia Green Davis and her attractive daughter, of Durham, are expected to arrive this week for a stay of some time at the Oceanic Hotel. They have been coming to Wrightsville Beach for several years and are very popular among the beach visitors and have a wide circle of friends in the city.

The Sunday concerts at the Oceanic and Seashore hotels were enjoyed as always by large and appreciative audiences. Excellent programmes were rendered by each orchestra. At the Seashore Mrs. G. W. Geffrods, of Atlanta, added to the pleasure of the concert by graciously giving several vocal solos.

Sunday's Charlotte Observer: "Miss Lizzie Lawrence left yesterday for Wrightsville Beach, where she will spend several days. Mr. and Mrs. R. C. Hayes will be the first of this week for Wrightsville Beach to spend some time. Mrs. N. B. Vincent and daughter, Miss Mary Vincent, will leave shortly for Wilmington and Wrightsville to spend some time on the coast."

The following made up a party of week-end guests at the Oceanic Hotel: J. H. Hightower, Fayetteville; Miss Kate Knowles, Mount Olive; Miss Anne Memory, Whiteville; Miss M. Preston, Atlanta; Miss Bernia Hensley, Biscoe; Miss Louise Watson, Fayetteville; O. H. Knowles, Mt. Olive. They composed a merry house party at Fayetteville last week. The visitors left yesterday for their respective homes.

The popular Seashore Hotel was the resort of many Wilmingtonians Sunday, as well as several hundred visitors, who are spending their vacations there. The fine Sunday concert by the orchestra was heard by a large audience. In the afternoon the surf in front of the Seashore was dotted with several hundred bathers, including visitors, cottagers and Wilmingtonians. Many Wilmingtonians enjoyed the fine bill-of-fare at the Seashore Sunday.

TWO LARGE GLASSES IN EVERY BOTTLE

..Theatrical..

Good music, fine pictures and a delightfully cool and pleasant theatre is the daily offering at the Grand and people are beginning to appreciate the daily big offerings at this popular place of amusement.

For this afternoon and evening there will be an especially brilliant offering in the pictures. "All is Fair" is a Melie and tells the story of a young college graduate who visits for the first time his ranch in the West where he meets a pretty school teacher. He joins her class and proves a dull pupil so that "Private Lessons" become necessary. He learns too well some things that are not set down in the books and she herself also learns many things that are told beautifully in the film.

Another picture is "The Pugilist and the Girl" and this is by the Kalen Company. Velma and Tom become engaged, but in a few days they quarrel. A few evenings later at a society dance Velma is impressed with the dancing of Jack, a new rival and Tom becomes violently jealous. Calling a few of his cronies together, a plot is fixed up against Jack. Tom and his friends are undone finally, the advent of a middle-weight champion into the complications being the feature of the picture.

In addition to these two there will be a third equally as good, but not featured. The bill at the Grand today will be well worth witnessing and all are most cordially invited to make the Grand headquarters when they are down town.

At the Bijou The weather made "Glooms" stark around outside yesterday, but inside the new Bijou only "Joys" were to be found and they held high revelry. The cozy Bijou did a rushing business in spite of the weather and dispelled all dreary feeling with one of the best bills ever offered in Wilmington. The solid comfort of the Bijou, in the way of appointments to meet all conveniences and the fine ventilation, added, of course, greatly to the delight of all present.

Today's bill is another one that will carry brightness to the heart and will be one of the very best ever offered. The list of films for today reveal rare selections, that will both stir the blood and tickle the risibles. A great stay on today is "Captured by Bedouins." It unfolds a graphic, exciting story of Egypt, in which a young English military officer and an American girl are the chief characters. The spectacle of the Bedouins' camp is decidedly interesting, while the fight on the desert is one of the most realistic and exciting scenes ever put into moving pictures.

But there is also another star film for today that is in every way the equal of this one. It is "The Passenger," and it is one of the most novel photoplays ever manufactured. The plot is unique, but heart-grIPPING, and it is superb for the human nature. The merry scene at the bachelor dinner is particularly attractive.

So all in search of a fine hour's entertainment, under most delightful circumstances, and all for 5 cents, should not miss seeing today's offering at the new Bijou.

MR. AND MRS. MCCAIG BEREAVED.

Infant Son Passed Away Yesterday Afternoon, After Long Illness.

Many friends here and elsewhere throughout the State will tenderly sympathize with Mr. and Mrs. W. D. McCaig in the death of their infant son, W. D. McCaig, Jr., aged one year and two months, which occurred yesterday afternoon at 3:15 o'clock after an illness of six weeks with colitis. The little son was a particularly bright little fellow and was the joy of the hearts of fond and devoted parents who are grievously bowed down upon their loss. The sympathy of their friends is great in this their hour of great sorrow.

The funeral will be conducted at 11 o'clock this morning from the family residence, No. 608 Dock street, and the interment will be in Oakdale cemetery.

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For two years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation. Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed. Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

LITTLE ACTIVITY IN COTTON

Opening Was Steady and Six Points Lower—Some Quick Recoveries Followed and the Market Remained Steady.

New York, July 1.—The cotton market was inactive all day with the close steady at a net advance of 1 to 4 points.

The opening was steady and six points lower to one point higher, old crop showing the most weakness under scattered liquidation. Quick recoveries followed and the market remained steady for the rest of the day until just before the close when slight reactions developed under realizing.

The continued rains in the Eastern belt furnished the basis for most of the support in new crops, while July was strengthened after the opening by a firm spot situation at this and other points. There also was a little buying of near months for Southern account, while Liverpool sold later positions.

The approach of the government report checked new interest in the market and business all day was mostly professional.

Receipts for the day 5,517 bales against 973 last week and 4,006 last year. Today's receipts at Galveston 1,266 against 650 last year; at New Orleans 46 against 1,695 last year, and at Houston 459 against 10 last year.

Spot, quiet. Middling uplands, 11.63; do. Gulf, 11.90. Sales, 92,038.

Cotton futures, steady.

CHICAGO GRAIN.

Chicago, July 1.—Cooler weather over the entire Spring crop country, with rain drenching a large part of the belt, made weakness the rule today in wheat. The close, which was heavy at nearly the bottom point of the session, showed a net decline of 1/4 to 1/2. All other leading staples, too, finished at a loss. Corn, 1/2 to 1/4; oats, 1/4 to 1/2; and provisions, 5c to 10c.

STOCK EXCHANGE MARKS TIME

Wall Street Watches Developments at Baltimore Convention—Market maintains a Steady Undertone.

New York, July 1.—Wall Street did little more than mark time today while the Democratic convention at Baltimore went through a series of futile ballots. The stock market maintained a firm undertone, however, with some further sensational gains in the specialties embraced within the tobacco group. The better known issues just about held their own.

General news of the day included the engagement of another \$2,000,000 gold for export to Paris, making a total of \$6,000,000 thus far on the movement. Nothing in the day's events abroad gave any indication that foreign markets were likely to experience any serious trouble from the mid-year settlements. Respecting home trade conditions, Western railroad officials were unanimous in reporting better prospects, with increased soundness in the fundamental situation and a steady movement of freight of a miscellaneous character, which helped to offset depreciation in other traffic.

The bond market was irregular with strength in Brooklyn Transit convertibles. Total sales, par value, \$2,805,000. Total sales 243,700 shares.

A MEASURE OF MERIT

Well This Evidence
Proof of merit lies in the evidence. Convincing evidence in Wilmington is not the testimony of strangers, but the endorsement of Wilmington people.
That's the kind of proof given here. The statement of a Wilmington citizen.
Joseph C. Vereen, 320 S. Sixth St., Wilmington, N. C., says: "Sometime ago I strained myself while lifting and soon after my back became very lame and sore. I could not stoop without having sharp pains shoot through my body. My kidneys also bothered me and I had a constant desire to pass the secretions particularly at night. I could not get anything that would relieve me until I procured Doan's Kidney Pills at Bellamy's Drug Store. The use of two boxes stopped the pains in my back and regulated the passages of the kidney secretions. I am very willing to recommend Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

WILSON STEADILY GAINED THE LEAD

(Continued from Page One).

took the gavel from John E. Lamb, of Indiana. After five minutes of effort, Mr. James, aided by the police, restored some semblance of order, and Mr. James finally announced the beginning of the 34th ballot and Alabama had as usual cast her 24 votes for Underwood when Mr. Bryan, who had stood for several moments with the stillness of an Indian, was recognized.

"Go on and vote," called a delegate. "Stop him—we want to go home—we don't want a speech. He's paid to stay here; we were not."

Chairman James explained that Mr. Bryan had risen to a question of personal privilege and was entitled to be heard.

Mayor Fitzgerald, of Boston, objected on the ground that he had been denied the privilege of explaining a change of the vote in the Massachusetts delegation. Mr. James said the mayor would be heard after Mr. Bryan had spoken.

Bryan Ruled Out of Order.

Mr. Bryan then was allowed to proceed for a moment.

"I was seated in my delegation when a banner was placed in front of us. I asked those in charge of it to remove it. They refused. I went to the Missouri delegation and asked the chairman whether it had been sent there by the Missouri delegation. If that act was an unauthorized one by the persons in charge of that banner I have nothing to say, but if that was done by the orders of the Missouri delegation, I claim the right to answer the question thus propounded."

A howl interrupted him.

"The chair respects the rule that the gentleman from Nebraska has not stated a question of personal privilege."

A cheer greeted this and Mr. Bryan bowed and left the stand. As he passed the Missouri delegation former Governor A. M. Dooley stopped him and disclaimed for the delegation any connection with the appearance of the banner.

Convention in a Turmoil.

Mr. Bryan went back to his seat with the Nebraska delegation.

The convention was in a turmoil long after Mr. Bryan had taken his seat. There were several outbreaks among delegates and the big force of policemen had their hands full quelling the outbreaks. A new squad of police came in during the disturbance and when the balloting was renewed every aisle on the floor was lined with blue coats.

Chairman James directed the police to arrest any one attempting to carry a banner of any sort into the assembly.

Result of Thirty-fourth.

When Maine was reached on the 34th roll call, its vote of 12 was cast solid for Wilson. This took two from Underwood and one from Clark. The result showed a slight gain for Wilson.

The official vote was: Wilson 479 1-2, Clark 447 1-2, Underwood 101 1-2, Harmon 29, Foss 28, Kern 2, absent one-half.

This showed a gain of two for Wilson. Clark's vote remained unchanged. Underwood lost two.

At the end of the 34th ballot Roger C. Sullivan, of Illinois, moved that the convention take a recess until 5 o'clock tonight. The motion prevailed by acclamation and at 5:15 the convention recessed.

THE RECORDER'S COURT

Rather Tame Session for Monday Morning—The Cases Tried.

Yesterday's session of the Recorder's court was an unusually mediocre one for a Monday morning sitting and the cases were neither as numerous as of interest as is usually the case following the week-end holiday.

James Gray, colored, was found guilty on a charge of vagrancy and was sentenced to 30 days on the county roads. For an assault on Sarah Johnson, with a brick, Chas. Pope, colored, was fined \$25 and costs. Sarah Johnson was found guilty of an assault on Chas. Pope and judgment was suspended on payment of the costs. Judgment was suspended on Mary Robinson, colored, charged with an assault. James Hawes, colored, was taxed the costs for violating the drying ordinance.

Moses Brown, colored, entered a submission a charge of carrying a concealed weapon and judgment was suspended on payment of the costs. Four drunks contributed the usual amounts to the coffers of the county.

FIRST TRAIN TODAY

Regular Schedule Over W. & B. S. Road—One Train a Day.

The first regular passenger train over the Wilmington, Brunswick & Southern Railroad will be operated today, the train leaving Southport at 6:15 o'clock this morning and arriving at Wilmington at 8:30. On the return trip the train will leave Wilmington at 3:15 P. M., and arrive at Southport at 5 o'clock.

For the present only one train will be operated each day, but it is the intention of the management to increase it to a double daily service early as soon as the traffic justifies it.

Passes the Examination.

Mr. Leonard P. Wessell, son of Mr. A. D. Wessell, who has the appointment of midshipman in the United States Naval Academy given by Congressman H. L. Godwin, has just passed the very rigid examination required and will enter the academy at once. He has many friends who will be glad to learn of his success in passing the examination.

BURNS KNOCKED OUT.

Mike Gibbons Downs English Weight Champion.

New York, July 1.—Mike Gibbons, of St. Paul, knocked out Sid Burns, the welterweight champion of England in the fifth round of a scheduled 10 round bout at Madison Square Garden tonight. The knock-out came eight seconds before the bell ended the round, and Burns was unable to face his opponent for the next round.

NEEDS TEDDY'S HELP

McCormick Says Deneen Cannot Carry Illinois.

Oyster Bay, N. Y., July 1.—Robert R. McCormick, of Chicago, who was leader of the Illinois delegation for Colonel Roosevelt at the Republican convention, but who was one of the first to say that he would not follow the former President in the formation of a new party, came to Oyster Bay today with the statement that Governor Deneen, of Illinois, who cast his lot with President Taft, could not carry his State on the Taft ticket and that he (McCormick) had come here to open negotiations with the colonel. Mr. McCormick intimated that he had come to Oyster Bay as an emissary from members of the Republican organization.

"The progressive movement had developed more strength than I had thought at first," said Mr. McCormick. "I have come to the conclusion that Taft cannot carry Illinois."

The colonel was in high spirits over the turn of affairs in Illinois as represented by Mr. McCormick. "It was a significant change," he said, "and you will see several more cases of the same thing in other States."

In containing the fight, Mr. McCormick said, the Roosevelt leaders had told Governor Deneen that "if he did not fall in line they would beat him."

It was Colonel Roosevelt's opinion that solution of the problem might be reached by continuing the present organization with the Roosevelt strength behind the State ticket instead of naming an independent ticket as had been proposed. He made it plain, however, that he wished the leaders in Illinois to settle that for themselves.

CLARK LOSES HIMSELF.

Speaker Hides and Efforts to Find Him Are Futile.

Washington, July 1.—Speaker Clark successfully eluded all pursuers today. He was not to be found at his offices in the Capitol and could not be located at his home. Rumors said he was in Baltimore at the home of Mayor Preston, holding conferences with his political advisers. His lieutenants here simply said he was hidden away for the night's gettings-on-sleep.

All efforts to find him were futile. So consistently did the Speaker keep to his retirement that he even could not be found to sign the joint Congressional resolution extending last year's appropriations into the new fiscal year which began this morning in order that the wheels of government might not stop at midnight.

The House placed Representative Alexander, of Missouri, in the chair as Speaker pro tem, to sign the precious document, which later was rushed to the White House, where President Taft signed it before leaving for Philadelphia.

All the government departments operated today in technical violation of the law, which forbids voluntary service, on the assurances of leaders in Congress that a resolution to cover their operations would be passed by night. This was necessary because many of the big appropriation bills still remain to be passed by the Senate and the Treasury could not pay out any money.

The Speaker came over to Baltimore during the evening and was guest at the home of Mayor Preston, near the convention hall. He returned to Washington shortly before midnight.

HALL STAMPEDED.

Police Have Trouble at Doors of Democratic Convention.

Baltimore, July 1.—Convention hall was almost stamped tonight by thousands of people who were refused admission after Chairman James had ordered the police to admit no one except delegates, alternates and members of the press. When the door was issued, the police were having trouble preventing crushes at the doors and in the street around the hall. Within a few minutes the authorities were confronted with a situation so serious that reserves were sent for and the crowds driven back from the doors.

In front of the hall the street was roped off at each extreme of the building and double lines of police stationed across the street. No one was permitted through these lines without a delegate badge and ticket or press badge and ticket.

By 10 o'clock it was estimated 25,000 persons were crowded in the streets clamoring for admittance, but none could elude the police. It was the first time since the convention that precautions were necessary to avert possible accidents in the hall and at the doors.

The police orders were so strict that several delegates who had forgotten their badges were excluded from the hall for an hour before they could get word to the inside and obtain identification. The hall itself was filled to its capacity, hundreds being permitted to stand in the aisles around the seat sections of the ground floor.

LIKE COLD MOLASSES.

But Gaining Better Than Last Week.

Seagirt, N. J., July 1.—"They are coming as slowly as cold molasses," was Governor Wilson's comment today upon his gaining strength in Baltimore. "But at that, we are doing better than we did last week. During the week we gained 83 votes, today and up to the present we have gained 71. The Wilson lines are holding solid; the gain is very satisfactory."

Governor Wilson has become so accustomed to the suspense that he does not mind the sensation. To the reporters who besought an expression of opinion on the situation the Governor declared that the only thing he could say was that he was making a "riot of silence."

During the afternoon he sent a telegram of encouragement to his Jersey followers at the convention.

THE LAX-FOS WAY.

If you had a medicine that would strengthen the liver, the stomach, the kidneys and the bowels, and at the same time make you strong with a systemic tonic, don't you believe you would soon be well?

"That's the Lax-Fos Way." We ask you to buy the first bottle on the money-back plan, and you will ask your druggist to sell you the second.

It keeps your whole insides right. There is nothing else made like Lax-Fos.

Remember the name—LAX-FOS.

LENOIR COUNTY PRIMARIES.

Results a Great Surprise—Kinston Merchants' Association Meets.

Kinston, N. C., July 1.—The greatest surprise in Lenoir county political history in recent years, when only three incumbents were re-nominated for office. New candidates have been put in the field by the Democrats for sheriff, register of deeds and the entire board of commissioners, whereas it had been confidently expected here that there would be practically no change in the ticket. Arden W. Taylor, for sheriff, defeated J. P. Nunn, the incumbent, and Rheny by a substantial majority, and in the run for register, Carl W. Priddy beat J. M. Wick, by an overwhelming majority.

Wooten, the present representative, and Dawson, treasurer, had an easy victory over Hooker and Sumrell. In the case of representative, the vote in the city of Kinston, gave the incumbent the larger part of the vote.

Hispanic polling a surprisingly heavy vote in the rural precincts. The board of commissioners will probably be entirely new, with five members. Eugene Wood, incumbent, was without opposition for coroner.

The first annual meeting of the Kinston Merchants' Association was held tonight at 8:30, in Pythian hall. New officers were elected, the reports of delegates to the State convention heard, and other business attended to, after which an informal social season was had. The plans for the coming year of the association embrace some significant improvements, it is understood.

EMBRYO DENTISTS.

Largest Class on Record Before State Board of Examiners.

Raleigh, N. C., July 1.—Forty-six embryo dentists are taking the examinations before the State Board of Examiners of the North Carolina Dental Society, with a view to receiving licenses to practice in this State. The examinations began today in the representatives' hall. This is the largest class on record, 43 being the largest previous class. The examinations are preliminary to the convening of the 38th annual meeting of the State Dental Society, which convenes Wednesday, continuing until Saturday.

Dr. W. E. Turner, of Raleigh, is president of the examining board; F. L. Hunt, Asheville, secretary, the others being Dr. J. H. Wheeler, Greensboro; Dr. J. S. Spurgeon, Hillsboro; Dr. J. N. Johnson, Goldsboro; Dr. C. A. Thompson, Wilson.

TRIAL BEGINS TODAY.

Claude Allen Will be Placed on Trial Second Time.

Wytheville, Va., July 1.—Judge Walter R. Staples came to Wytheville today to preside over the trial of Claude Allen, who is on trial for the murder of a woman. The trial began today in the court room when Claude Allen was placed on trial for the murder of a woman. The trial began today in the court room when Claude Allen was placed on trial for the murder of a woman.

MR. G. J. McCLAMMY DEAD.

Passed Away at Home of Son in Asheville—Funeral Here.

Mr. G. J. McClammy, of this city, passed away at the home of his son, Mr. E. L. McClammy, in Asheville last Saturday night, following an illness of some time. Mr. McClammy was visiting his son at the time of his death.

The deceased is survived by two sons, Mr. E. L. McClammy, of Asheville, and Mr. J. M. McClammy, of this city, both of whom will have the tenderest sympathy of many friends.

The remains were brought here yesterday and the funeral was held from the lodge in Oakdale cemetery in the afternoon at 3 o'clock. The services were conducted by Rev. E. C. Sell, pastor of Trinity Methodist church, of which the deceased had long been a consistent and devoted member. The pallbearers were as follows: W. W. Thigpen, J. M. Holmes, W. M. Hayes, R. L. Johnson.

ACCIDENT ON THE BEACH.

Rear Trucks of Express Train on Suburban Line Derailed.

Caused by spreading rails, the rear trucks of the last car of a two-car express train on the suburban line left the tracks at Wrightsville Beach, at 9:45 o'clock Sunday night, jumped the track soon after the train had started to the city, but fortunately the train was running at a low rate of speed and was under perfect control of the motorman, who immediately applied the emergency brakes and brought the train to a standstill in less than a car length. The car was crowded with passengers, but no one was injured in the least. Traffic was delayed for half an hour while the car was being put back on the track. Passengers felt the jar as the wheels of the car ran along the cross-ties, but before they had time to become alarmed the train was stopped.

Deposits made in the Savings Department of the American National Bank today will bear a 4 per cent. rate from July 1st. This is the beginning of their new interest quarter. Remember, Uncle Sam regulates this bank.
